**GLOBAL POINTS OF PROGRESS - Kosovo: Language classes are helping Servs and Kosovar Albanians bridge divides and get jobs.** Significant tension still exists between the two ethnic communities, and the educational systems in Kosovo were divided beginning in the 1990s. This means that many cities are filled with people who can't communicate with each other. But a growing number of language classes are helping people learn Albanian and Serbian. The lessons not only facilitate dialogue, but also prepare students for careers as translators, which are desperately needed.

**Please congratulate Mia Strickland, Layan Shahrour, and Ella Burgess for being juried in to the ArtSplosure student art exhibit. Their art will be on display during the ArtSplosure event.**

**May 18-19, 2019 (11AM-5PM daily) - in PNC Plaza Lobby on Fayetteville Street**

**Mindfulness for Teens Class:** Mindful High School has an upcoming class for teens. Class will meet at Hayes Barton United Methodist Church on Sundays April 28, May 5, 12, and 19, 4:00 - 5:15. Need based scholarships are available. Visit [mindfulhighschool.com](http://mindfulhighschool.com) for details and scholarship application.

**Walnut Creek Wetland Park needs your help!** Wake County Public Schools has decided to cancel school on May 1st so it is a perfect day for students to volunteer for the park! Tasks will include removing trash and debris in Little Rock Creek; cutting vegetation in the creek; stomping clay, hay and water to make mud to make a mud playhouse; and looking for worms and roly-polys for our "build-your-own-log hotels" for Mud Day. You should wear clothes that can get dirty, and bring a refillable water bottle. We'll have snacks available, and we offer lunch if you volunteer for the whole day! To sign up:
