PARENT ANNOUNCEMENTS

Univ. of Mississippi	Ole Miss	Wednesday, November 15	B-Day	10:00am
Campbell University		Monday, November 20	A-Day	8:00am

Thanksgiving break is coming soon, and the **Broughton community will once again collect items to go home with 56 families** that would otherwise be without food resources during the time away from school. On Tuesday, Wednesday and Thursday of the week before break (**Nov. 14, 15 and 16**), the family support committee will be collecting the items listed below to supplement the supplies carefully collected by school staff. A table will be set up in the covered entrance/portico closest to the tennis court, where you can drop off any donations. Volunteers will be available during school drop-off and pick-up times (7 a.m. to 8:30 a.m., and 1:30 p.m. to 3 p.m.), and coolers will be available throughout the day as well. Don't worry, your turkey will not thaw completely before someone sees it and gets it to an indoor refrigerator! Click this [LINK](#) to sign up for an item or two.

2024 SUMMER OPPORTUNITIES

A summer program hosted by Duke: The Summer Training in Academic Research (STAR) Program provides a high-quality research experience for undergraduate students, **high school students**, and middle and high school teachers during the summer academic break. The eight-week program will give participants who are interested in science and medicine real hands-on experience in research methodology and writing. Participants are placed in teams and matched with Duke faculty mentors to work on an original, hypothesis-driven project, originating as a one-page summary and culminating in a complete research paper. A goal of the program is to have every participant qualify for co-authorship on a peer-reviewed manuscript related to their team's project. The STAR Program is held at the Duke Clinical Research Institute in Durham, N.C., which has organized educational and support programs for junior faculty, fellows, residents, and medical students as well as high school and college students. *Participants receive a stipend to attend, which makes the program an option even for students who planned to work over the summer break (see below).* Summer 2024 applications period is from Nov. 20, 2023 thru Jan. 05, 2024. There will be no extension. The program will take place on June 24 to August 2, 2024. *Questions may be submitted via email (dukestarprogram@duke.edu).*
