STUDENT ANNOUNCEMENTS [GENERAL]

Please come out and support the Broughton Men's JV and Varsity Basketball 🏀 teams at our first home game against Heritage High School. The JV game starts at 5:00 pm and the Varsity game starts at 6:30 pm. Wear your purple and gold to show your team spirit. All BHS students attending the game will be entered into a raffle to take place at half time.

The **After School Learning Lab** has peer tutors. Need help with content in a particular class? Check out the [Q2 SCHEDULE](#) to see when a peer is available to help support you. The After School Learning Lab is a PTSA initiative available free to students Monday-Thursday. Since it opened September 12 more than 600 students have visited. Students can make-up missed work, work on projects, get extra help or just use it as a quiet place to study.

Announcing this month's media center essay and poetry contest! What is your family heritage story and how does it fit into the overall story of the history of the United States? The prize this month is \$50 and your choice of pumpkin, apple, pecan or chocolate chess pie. Please come by the media center for more details, rules, and the official entry form! 2023 SUMMER OPPORTUNITIES

[Link to the list that is posted on CFNC with summer enrichment opportunities]

<https://www2.cfnc.org/studentEnrichment>

This summer, choose your adventure abroad -- Language/Science/Leadership/Arts/Business/International Relations. Picture yourself in one of 30 amazing destinations in Europe, Asia, Latin America or Africa. The CIEE Global Navigator High School Study Abroad immersive programs are three to four weeks long and combine experiential classes led by local experts with excursions you won't want to miss. Contact (866) 583 0332 or hsabroad@ciss.org. Choose your favorite program at ciee.org/summeradventure. Apply by December 1 for a chance to win a free flight. CIEE (the Council on International Education Exchange) has \$5.4 million in study abroad scholarship funds to award to U.S. high school students in summer 2023! Since Broughton is a magnet school for Global Studies with an IB program, I believe CIEE's mission around global education is very much in alignment with the school's offerings,

The Summer Training in Academic Research (STAR) Program, hosted by Duke University, provides a high-quality research experience for undergraduate students, high school students, and middle and high school teachers during the summer academic break. The eight-week program will give participants who are interested in science and medicine real hands-on experience in research methodology and writing. Participants are placed in teams and matched with Duke faculty mentors to work on an original, hypothesis-driven project, originating as a one-page summary and culminating in a complete research paper. A goal of the program is to have every participant qualify for co-authorship on a peer-reviewed manuscript related to their team's project. The STAR Program is held at the Duke Clinical Research Institute in Durham, N.C., which has organized educational and support programs for junior faculty, fellows, residents, and medical students as well as high school and college students. *Participants receive a stipend to attend, which makes the program an option even for students who planned to work over the summer break ([see below](#)).* The Duke STAR Program 2023 application period is November 21, 2022 to January 6, 2023. *There will be no extension.* The program will take place June 20 to August 10, 2023. *Questions may be submitted via email (dukestarprogram@duke.edu). We regret that we are unable to respond to phone calls.*
