Krispy Kreme Challenge Run 2024! February 3, 2024. *We need your help to "RUN" the race!* Volunteer registration has opened online [here](#) and we are in search of volunteers to be at the Krispy Kreme location, the Belltower site, and along the race route. Raleigh Police Department enforced that we will need 34 volunteers over the age of 21 to be course monitors along the race route. So we would be very appreciative if words could be passed about this specific volunteer requirement and attain the needed number in order to stay within compliance and be permitted to safely organize the race. This year is our 20th year organizing the race as a student-run non-profit, and last year we surpassed a cumulative \$2 million donation to the UNC Children's Hospital. If you would like to be a part of this monumental year by volunteering with us as we continue this tradition, this is your chance! Mark your calendars for February 3rd, 2024! Register online to [VOLUNTEER](#) on race day or [RUN](#) the race. We are beyond grateful and excited for your support and can't wait to see you there! If you have any questions regarding volunteers, please contact me at sabrina.becht@krispykremechallenge.com. -

2024 SUMMER OPPORTUNITIES

A summer program hosted by Duke: The Summer Training in Academic Research (STAR) Program provides a high-quality research experience for undergraduate students, **high school students**, and middle and high school teachers during the summer academic break. The eight-week program will give participants who are interested in science and medicine real hands-on experience in research methodology and writing. Participants are placed in teams and matched with Duke faculty mentors to work on an original, hypothesis-driven project, originating as a one-page summary and culminating in a complete research paper. A goal of the program is to have every participant qualify for co-authorship on a peer-reviewed manuscript related to their team's project. The STAR Program is held at the Duke Clinical Research Institute in Durham, N.C., which has organized educational and support programs for junior faculty, fellows, residents, and medical students as well as high school and college students. *Participants receive a stipend to attend, which makes the program an option even for students who planned to work over the summer break (see below).* Summer 2024 applications period is from Nov. 20, 2023 thru Jan. 05, 2024. There will be no extension. The program will take place on June 24 to August 2, 2024. *Questions may be submitted via email (dukestarprogram@duke.edu).*

Give the Gift of Leadership

Applications are now open for the Young Women's Leadership Institute at Saint Mary's School, a two-week elite summer camp with Duke University. Featuring top women leaders, we empower high school girls through extensive leadership training and skills enhancement.
