### PARENT ANNOUNCEMENTS

Every year, the Student Services Department reaches out to Broughton families to ask for any possible donations they could make to support our students and families in need. The response last year and every year is overwhelming, and I want to thank you all for contributing many different resources. This year, I am asking again for your generosity as we try to serve our students whose families may be going through tough times during the holiday season. We will be providing food boxes for many of our families, but we would also like to include a gift card with these boxes for the holidays. If you or your family are able to contribute, please consider donating any of the items below to Student Services to support our students:

-Gift cards (Walmart and Food Lion would be great) for food, household items, gifts for the holidays

-cash for someone in our dept. to buy giftcards or provide other resources

Please attention your donation or give it directly to Brent Sauls in Student Services. Thank you for your support and your willingness to make a difference right here in the Broughton community.

**GLOBAL POINTS OF PROGRESS -Egypt:** In Cairo, the government has reduced seasonal smog levels.

Every year at the end of rice harvest season, farmers burn their byproduct rice straw, creating vast clouds of black smoke that cover the city. To combat this phenomenon, the government is subsidizing the purchase of rice straw by traders, who then resell it as animal feed. The country says it is also working to cap other unregulated sources of greenhouse gases.
