Broughton Dance is putting on their annual Giving Tuesday Campaign. We have set a goal of \$10,000 to pay for a new dance floor and scholarships in order to provide access to guest artists, costumes and trips for all students. Whether you are a dancer yourself, an audience member, an alumni or just a friend of Broughton and you feel led to give to the Broughton Dance Program check out all you will be impacting below! If you know a organization that loves public school arts send them our way. In addition, you will see lots of funny videos, costumes and pies being smashed on faculty for reaching different goals. We are so grateful for the strong community that supports us year after year! Follow capsdance on instagram for all of the updates! BE A PIECE OF THE SHOW because every dollar counts! If you have any questions please contact Ms. Graves at bgraves@wcpss.net or Anna Lutz at annamlutz@gmail.com.

GLOBAL POINTS OF PROGRESS - United Kingdom: A London-based physicist has written 1,750 Wikipedia articles about scientists and engineers whose contributions had been overlooked, adding to a more equitable online knowledge base. Jessica Wade, who works in a physics lab at Imperial College London, received the British Empire Medal for “services to gender diversity in science” in 2019.

STUDENT ANNOUNCEMENTS [GENERAL]

The Special Olympics Club is meeting TODAY in the Upper rooms of the Holiday gym. Come make cards for community service hours and share some festive snacks! All members who wish to volunteer at Wynn-ter fest must attend the meeting in order to receive permission forms.

Are you interested in working to identify fish and gather scientific data while snorkeling? Do you want to help communities restore coral reefs and earn service hours at the same time? If yes... then join Mrs. Malach on her trip to the Dominican Republic during Spring Break of 2024. She's having an information session on Tuesday December 6th at 6pm by zoom. You can scan a code on one of the posters hanging through the school, or stop by her room for a flyer (room 353)

The **After School Learning Lab** has peer tutors. Need help with content in a particular class? Check out the [Q2 SCHEDULE](#) to see when a peer is available to help support you. The After School Learning Lab is a PTSA initiative available free to students Monday-Thursday. Since it opened September 12 more than 600 students have visited. Students can make-up missed work, work on projects, get extra help or just use it as a quiet place to study.

Artsposure is looking for teen volunteers for the Raleigh First Night Festival (New Year's Eve.) There are several different times of the day, and students can sign up for more than one slot if they need hours. I will sign off on any required hours. Please use the link below to sign up.

2023 SUMMER OPPORTUNITIES

[Link to the list that is posted on CFNC with summer enrichment opportunities]

<https://www2.cfnc.org/studentEnrichment>

This summer, choose your adventure abroad -- Language/Science/Leadership/Arts/Business/International Relations. Picture yourself in one of 30 amazing destinations in Europe, Asia, Latin America or Africa. The CIEE Global Navigator High School Study Abroad immersive programs are three to four weeks long and combine experiential classes led by local experts with excursions you won't want to miss. Contact (866) 583 0332 or hsabroad@ciss.org. Choose your favorite program at ciee.org/summeradventure. Apply by December 1 for a chance to win a free flight. CIEE (the Council on International Education Exchange) has \$5.4 million in study abroad scholarship funds to award to U.S. high school students in summer 2023! Since Broughton is a magnet school for Global Studies with an IB program, I believe CIEE's mission around global education is very much in alignment with the school's offerings,

The Summer Training in Academic Research (STAR) Program, hosted by Duke University, provides a high-quality research experience for undergraduate students, high school students, and middle and high school teachers during the summer academic break. The eight-week program will give participants who are interested in science and medicine real hands-on experience in research methodology and writing. Participants are placed in teams and matched with Duke faculty mentors to work on an original, hypothesis-driven project, originating as a one-page summary and culminating in a complete research paper. A goal of the program is to have every participant qualify for co-authorship on a peer-reviewed manuscript related to their team's project. The STAR Program is held at the Duke Clinical Research Institute in Durham, N.C., which has organized educational and support programs for junior faculty, fellows, residents, and medical students as well as high school and college students. *Participants receive a stipend to attend, which makes the program an option even for students who planned to work over the summer break ([see below](#)).* The Duke STAR Program 2023 application period is November 21, 2022 to January 6, 2023. *There will be no extension.* The program will take place June 20 to August 10, 2023. *Questions may be submitted via email (dukestarprogram@duke.edu).* *We regret that we are unable to respond to phone calls.*
