Whom Should I Contact? To best support your student and your family as we kick off the year, we want to provide you the fastest response time on your questions as possible. To this end, we've created a [Whom Should I Contact document](#) that provides contact information for commonly asked questions. You can find this on our website under "Our School" at "Contact Us."

GLOBAL POINTS OF PROGRESS - United States: Regenerative agriculture is picking up steam in the United States, with groups dedicated to restoring soil fertility and reducing carbon footprints. Danone North America's soil health program has reduced the amount of carbon dioxide equivalents by more than 80,000 tons since it started three years ago, reports the company, using farming techniques that sequester carbon in the ground. The program's farming practices include planting more cover crops, fostering biodiversity on farmland, and protecting water systems. In 2020, the program grew by 64%, and it aims to expand enrollment to 100,000 acres, continue funding soil health research, and increase farmer partnerships in the coming years.

STUDENT ANNOUNCEMENTS [GENERAL]

Congratulations to Zachary Elis, Charlotte Fullbright, Will Hardesty and Hill Tippet who have been selected as Semifinalists for the Park Scholarship at North Carolina State University. Selection is based on outstanding accomplishments and potential in leadership, service and character.

College Board is hosting BigFuture Days, which will be a series of virtual events for high school students to connect directly with college reps split up by region. The Southeast Region alone will have representatives from Appalachian State University, Elon, NC State, Wake Forest among other NC schools as well as other schools in the southeast. Students can attend other regional events as well and connect with college reps all over the US.
