GLOBAL POINTS OF PROGRESS - Harbor porpoises have made a comeback after the banning of gill netting in key coastal communities of California, new research shows. Gill nets are a cheap and effective way for commercial fishers to catch loads of sea bass and halibut by the gills, but they also wreak havoc on other species sea otters, some sea birds and the lesser known harbor porpoise.

Hello Broughton Art-Lovers:

We had 17 entries into this year's [NCPTA Reflections Arts Program](#). Each student who submitted a piece will receive a \$5 gift card to Jerry's Artarama. This year's theme was "I Will Change The World By...". The Visual Art category was juried by 3 local artists and we are announcing the top 4 winners from that competition:

First place: Dustin Vinsel: Dream It and Design It
2nd place: Olivia Hartung: Building Connections
3rd place: Sophia Hamidi-Sani: Imagine
4th place: Megan Williams: A Fair Future

Broughton High School has entered 11 Visual Art & 1 Photography submissions to the Wake County level for further jurying. Winners of that competition will be announced in January and some could be forwarded to the NC-wide level. All of these artists will be celebrated at the Broughton High School

Spring Arts Festival on March 26, 2022. Thanks to all that participated and helped with this year's NCPTA Reflections Arts Program.

This year's Service Club assembly will not be a school-wide assembly. Instead, on Wednesday, December 15, we will host a modified Service Club assembly in the auditorium during advisory class for those who are to be inducted. Current SC members will be excused from 1A in order to prepare for the ceremony. Towards the end of first period, current SC members will "tap" the new members by giving them their new lanyard. The lanyard will then serve as the hall pass for them to go to the AUDITORIUM where we will then host the ceremony. WCAP will livestream it during the Advisory class! Parents of the newly inducted members will be called and invited to join us. We will also induct this year's staff members at the end of the ceremony. The assembly will likely spill into 2nd period, and the students will report to 2nd period once the assembly is done.

The BHS Tutoring Lab, a drop-in center for students to get caught up on work, use resources to finish projects, or work on missing assignments or assessments is now operating. This is a free service and will operate Monday-Thursday through the end of the school year. No appointment is necessary. Students join us beginning at 2:30 PM (stay as late as 4PM). Mondays and Wednesdays the Lab will be in Ms. Meyrick's room 1211. Tuesdays and Thursdays the Lab will be in Mr. Hermanson's room 1320. Work on missing assignments, receive feedback, enjoy snacks and use school resources for projects. We will be having weekly raffles for BHS swag, generously donated by the Broughton High School PTSA!
