B-Day

8:15 am

Krispy Kreme Challenge Run 2024! February 3, 2024. *We need your help to "RUN" the race!* Volunteer registration has opened online [here](#) and we are in search of volunteers to be at the Krispy Kreme location, the Belltower site, and along the race route. Raleigh Police Department enforced that we will need 34 volunteers over the age of 21 to be course monitors along the race route. So we would be very appreciative if words could be passed about this specific volunteer requirement and attain the needed number in order to stay within compliance and be permitted to safely organize the race. This year is our 20th year organizing the race as a student-run non-profit, and last year we surpassed a cumulative \$2 million donation to the UNC Children's Hospital. If you would like to be a part of this monumental year by volunteering with us as we continue this tradition, this is your chance! Mark your calendars for February 3rd, 2024! Register online to [VOLUNTEER](#) on

race day or [RUN](#) the race. We are beyond grateful and excited for your support and can't wait to see you there! If you have any questions regarding volunteers, please contact me at sabrina.becht@krispykremechallenge.com.

GLOBAL POINTS OF PROGRESS - Argentina: Young, low-income Argentines are finding well-paying jobs through coding boot camps. The free coding and information technology classes are government-initiated and subsidized by Argentina's tech industry which struggles to find skilled workers for booming tech jobs.

B-Day

8:15 am

2024 SUMMER OPPORTUNITIES

A summer program hosted by Duke: The Summer Training in Academic Research (STAR) Program provides a high-quality research experience for undergraduate students, **high school students**, and middle and high school teachers during the summer academic break. The eight-week program will give participants who are interested in science and medicine real hands-on experience in research methodology and writing. Participants are placed in teams and matched with Duke faculty mentors to work on an original, hypothesis-driven project, originating as a one-page summary and culminating in a complete research paper. A goal of the program is to have every participant qualify for co-authorship on a peer-reviewed manuscript related to their team's project. The STAR Program is held at the Duke Clinical Research Institute in Durham, N.C., which has organized educational and support programs for junior faculty, fellows, residents, and medical students as well as high school and college students. *Participants receive a stipend to attend, which makes the program an option even for students who planned to work over the summer break (see below).* Summer 2024 applications period is from Nov. 20, 2023 thru Jan. 05, 2024. There will be no extension. The program will take place on June 24 to August 2, 2024. *Questions may be submitted via email (dukestarprogram@duke.edu).*

Give the Gift of Leadership

Applications are now open for the Young Women's Leadership Institute at Saint Mary's School, a two-week elite summer camp with Duke University. Featuring top women leaders, we empower high school girls through extensive leadership training and skills enhancement.

Apply Now: www.youngwomensleadershipinstitute.com

Registration is now open for [Summer 2024 Pre-College Programs at UNC Asheville!](#) Each Pre-College Program will run from Sunday to Friday, with topics spanning the arts and sciences. Participants will live on-campus to fully experience university life and the surrounding Asheville community. The program cost, which starts at \$1,430, includes lodging, meals, course materials, activities and excursions.

Dates for our Summer 2024 Pre-College Programs are June 16-21 and June 23-28, with several programs offered across both weeks. Topics include:

- Ceramics
- Climate, Robotics, Rocketry & Aerospace Engineering
- Film Scoring & Sound Design
- Geology & Adventure
- Great Smokies Young Writers Workshop (Creative Writing)
- Meteorology
- Music Composition & Songwriting
- Pre-Med
- River Ecology & Adventure
- Video Game Design

For more information or to register, visit unca.edu/precollege. If you have any questions, feel free to reach out to us at precollege@unca.edu or 828.251.6960.

The University of Chicago's summer pre-college programs draw from the multidisciplinary emphasis and intellectual richness of the College's Core curriculum. Whether it's creative writing, economics, or molecular engineering, students can find a formative college-level experience on campus this summer. Programs with in-person and online

courses include Immersion, Enrichment, Stones and Bones and Summer Online. To learn more about the full list of in-person and online courses, application deadlines, program dates, tuition , and scholarship information, visit www.summer.uchicago.edu.
