GLOBAL POINTS OF PROGRESS - World: Dead batteries are taking on new life as plant fertilizer in a step toward a more circular economy. Alkaline batteries are made in part using toxic substances, but that doesn't mean useful materials can't be repurposed. In fact, two micronutrients essential to plants [zinc and manganese] make up around 50% of a battery's weight. Companies have developed methods to extract these chemicals, converting them into fertilizers.

STUDENT ANNOUNCEMENTS [GENERAL]

Find Your Voice – Join our Advocacy in Action Podcast Thursdays at the WELL through April 7, 4:00 pm – 5:00 pm. Topic: Teen Mental Health. No registration needed. Learn a little, listen a lot. Email Donavon to get involved. Click [here](#) to listen.

New hours at the WELL – starting April 18 (that's after spring break), the open lab at the WELL will close to students at 5 p.m. Tutoring will still be offered, and there may be students still attending programs after 5 p.m. if they have registered. A reminder to students and parents: transportation should never be a barrier to being able to stay at the WELL after school. There is a late activity bus from Broughton and city buses that stop right across the street. All students at the WELL must have completed an online membership, and we must have a working number to contact a parent or guardian.

STUDENT ANNOUNCEMENTS [JUNIORS & SENIORS]

The Association of Black School Educators of Wake County (ABSE of Wake County) is a newly chartered organization. Within the very short year of our existence, we are proud to be able to offer four \$1000 scholarships to high school seniors of African American descent who apply by April 15. To learn more about ABSE of Wake County, [visit our website](#). If interested in applying, see Mr. Rudder in Room 1209 for an application.

The Game Plan: College (GPC) team is excited to announce our second annual College Expo on Saturday, April 23, 2022, at the Emily K Center from 12:00-3:00 pm. The College Expo includes a college fair with more than 40 colleges and universities as well as the option to attend several workshops led by college-access professionals on topics such as how to pay for college, selecting the best college for you, how parents can support their students applying to college, and more! This event is free and open to all — high school students and their families are strongly encouraged to attend. Registration is highly encouraged, as workshop seat availability is limited. Walk-ins will be welcome at the event. For more info or to register for this event, click <https://www.emilyk.org/2022-college-expo>

Are your students thinking about college? Do they talk about careers in engineering, medicine, or business? Students can explore different career paths and majors, live on a university campus, and challenge themselves with Rochester's Pre-College Programs! Our summer programs give students the freedom to experience Rochester's unique curriculum and join others from around the world. These programs not only give students a taste of the college experience, but also introduces students to unique perspectives, cultures, and ways of thinking about the world. Learn more about the program. Check out [Rochester's programs](#) for the summer.

N.C. A&T University is excited to let you know that we are now accepting applications for the 30th annual [Summer High School Transportation Institute](#) (STI). The four-week program is packed full of fun and educational activities, including guest speakers, group projects, and trips, and designed to be a bonding, rewarding, and even life-changing experience for young minds. STI is free and introduces students to the educational paths and fields of transportation and supply chain and the many lucrative careers available. For the first time in two years but in keeping with the program's tradition, we are happy to announce that STI will be held in person on the A&T campus this year. All rising 11th and 12th graders with a 2.5 or greater GPA are welcome to apply! Don't hesitate to contact Nick Allen if you have any questions (336-285-3314 or nrallen1@ncat.edu). [Applications due by April 15th available here.](#)

If you're looking for a way to help your college-bound high school students make important decisions about life after high school, encourage them to join us at Rochester Institute of Technology this summer for [Explore Your Future!](#) EYF is a week-long,

on-campus summer program for college-bound deaf and hard-of-hearing high school students who will enter their junior or senior year in fall 2022. During EYF, students learn how their interests can lead them to a career, and they explore career options in various fields, including the arts, business, computers, engineering, science, and more specific topics, such as the internet of things, 3D printing, entrepreneurship, emotional intelligence, and biology. Students who attend EYF receive an application fee waiver to apply to RIT at no cost, and those who enroll at RIT for college will receive a scholarship. That's right, when they participate in EYF, they can apply to RIT for college at no cost, and they'll receive a scholarship! There are two EYF sessions. Your students can choose the session that works best for them. Session I: July 9-14; Session II: July 16-21. Students who participate in EYF this summer will meet other deaf and hard-of-hearing students from all over the country, and it's a wonderful opportunity for them to make new friends! [Check out EYF](#), and encourage your students to [apply today!](#) If you have any questions, contact us at 585-475-6700, toll-free in the U.S. and Canada at 1-866-644-6843, by videophone at 585-743-1366 or by email at EYFinfo@rit.edu.

Oxford Royale Academy's International Summer School 2022 on the campus of the University of Oxford. Participants choose from 19 fascinating courses, taught by experts in their field. Students live, dine and study on the campus of the University of Oxford with people from all over the world. Apply at www.oxford-royale.com.

The University of the South would like to invite students to join our [Chinese Language Camp!](#) The program's primary goal is to immerse students in the language and culture of China, while enjoying Sewanee's 13,000 acre campus.

When: June 15 - July 1, 2022

Where: The University of the South, Sewanee, TN

Who: Rising high-school sophomores, juniors and seniors. Experience with Chinese language is not required.

Students participating in the program will spend a few hours in the classroom each day, before taking their learning outside and enjoying the many outdoor activities available during the summer at Sewanee in an immersive language environment. Given the immersive environment, all students are encouraged to apply. Students should be prepared for a variety of outdoor activities including swimming, hiking, rock-climbing, hiking, gardening, caving, camping, and more! For more information about the camp as well as scholarship opportunities, students can visit the Sewanee Chinese Language Camp [website](#).

SCAD Summer Seminars. Connect with creatives from around the world. During the weeklong program, participants choose two workshops from a palette of award-winning academic programs, including animation, fashion, film and television, graphic design, illustration, interior design, photography, sequential art, and more. For more information, visit www.scad.edu/sss.

The University of Chicago's summer pre-college programs draw from the multidisciplinary emphasis and intellectual richness of the College's Core curriculum. Programs with in-person and online courses include:

Immersion: Course subjects include American politics, biotechnology, developmental psychology, philosophy, physics and more.

One-Week Enrichment: Whether it be leadership, civil discourse, or quantitative analysis of complex problems, each program will advance and enhance skills that students can apply to their studies in high school, college, and beyond.

Stones and bones: Students go behind the scenes at the Field Museum - one of the world's great natural history museums - and into the field in Wyoming to learn how fossils are collected, analyzed, and conserved.

UChicago Summer Online: From anywhere in the world, students can explore subjects like biochemistry, art, and quantitative finance through five-week courses involving real-time interaction, engaging class discussion, and group projects.

To learn more about Summer Session, or to apply to the program, visit www.summer.uchicago.edu.
