Junior Parents- please review the College Planning for Juniors To-Do List with your students so that they can work on being proactive in their college planning and planning for senior year. This resource will give them tips on what they can be doing this Spring as they close out Junior year and start their Senior year in the fall.

GLOBAL POINTS OF PROGRESS - Italy: An Italian town with a violent past made a new name for itself by promoting cultural tourism. Mamoiada sits in the heart of the island of Sardinia in a region the Romans once called BARbaria. In the late 1990s and early 2000s, Mamoiada became infamous for a series of killings linked to a family feud. But instead of giving up on the troubled town, where economic opportunities were scarce, residents and local administrators harnessed the region's cultural strengths.

STUDENT ANNOUNCEMENTS [GENERAL]

In an effort to ensure all students have an opportunity to review their course requests for the 22-23 school year, we are asking that all students verify their course requests by completing the following steps below:

1)Log into PowerSchool and review your course selections for the 2022-2023 school year

2) Complete the course verification form to indicate:

My course changes are correct. No changes are needed

OR

I would like to make some changes to my course selections.

If you opt to make some changes, the form will ask you which courses to drop and add. If you cannot remember what courses are offered, you can review the course listings. Counselors will be reviewing your answers and making any necessary changes.

We will be accepting changes to course requests through Friday, May 6th. After that date, we will not be adjusting course requests.

High School Navigator - 2022 Free Summer Young Scholar Program: July 10 - Aug 7,2022.

Registration for our [FREE 2022 Summer Young Scholar Program](#) is now open, and this year's program will address not

only computer science but also career opportunities in healthcare and other fields. In the registration form, we'll collect a list of topics that students are interested in, and we'll do our best to include as many as feasible in the program. Current students from Several Universities will also join to share their experiences about campus, their majors and answer any participant questions. Last year, over 250 students from across the country enrolled in the program, and all recordings are available on our [website](#). Beginning July 10 through August 7, 2022, all sessions will be held online and only on Weekends for 4-6 Hours (2-3 hrs. on each weekend day during the afternoon). The program is completely free and has no restriction on any income or GPA or any other categories. The only requirement is that the program is for Middle or high school students. Our preference is for Rising 8th Grade or higher. Our [brochure](#) is available on the registration page.

If you're looking for a way to help your college-bound high school students make important decisions about life after high school, encourage them to join us at Rochester Institute of Technology this summer for [Explore Your Future!](#) EYF is a week-long, on-campus summer program for college-bound deaf and hard-of-hearing high school students who will enter their junior or senior year in fall 2022. During EYF, students learn how their interests can lead them to a career, and they explore career options in various fields, including the arts, business, computers, engineering, science, and more specific topics, such as the internet of things, 3D printing, entrepreneurship, emotional intelligence, and biology. Students who attend EYF receive an application fee waiver to apply to RIT at no cost, and those who enroll at RIT for college will receive a scholarship. That's right, when they participate in EYF, they can apply to RIT for college at no cost, and they'll receive a scholarship! There are two EYF sessions. Your students can choose the session that works best for them. Session I: July 9-14; Session II: July 16-21. Students who participate in EYF this summer will meet other deaf and hard-of-hearing students from all over the country, and it's a wonderful opportunity for them to make new friends! [Check out EYF](#), and encourage your students to [apply today!](#) If you have any questions, contact us at 585-475-6700, toll-free in the U.S. and Canada at 1-866-644-6843, by videophone at 585-743-1366 or by email at EYFinfo@rit.edu.

The University of Chicago's summer pre-college programs draw from the multidisciplinary emphasis and intellectual richness of the College's Core curriculum. Programs with in-person and online courses include:

Immersion: Course subjects include American politics, biotechnology, developmental psychology, philosophy, physics and more.

One-Week Enrichment: Whether it be leadership, civil discourse, or quantitative analysis of complex problems, each program will advance and enhance skills that students can apply to their studies in high school, college, and beyond.

Stones and bones: Students go behind the scenes at the Field Museum - one of the world's great natural history museums - and into the field in Wyoming to learn how fossils are collected, analyzed, and conserved.

UChicago Summer Online: From anywhere in the world, students can explore subjects like biochemistry, art, and quantitative finance through five-week courses involving real-time interaction, engaging class discussion, and group projects. To learn more about Summer Session, or to apply to the program, visit www.summer.uchicago.edu.
