Have a student with an intellectual disability who is interested in college? Open House is the best way to learn more about the UP Program, a 2-year fully inclusive program for college-aged students with intellectual disability. Why choose the UP program over other inclusive post-secondary education programs? We are the first accredited post-secondary education program in the country! This means that we are the first program (of over 300) in the nation to get accredited! Check out why accreditation is so important and exciting here:

GLOBAL POINTS OF PROGRESS - World: Inequality between countries has reached its lowest level in 150 years.
Global inequality began to rise at the start of the Industrial Revolution and peaked during the Cold War. The world's wealth is still largely concentrated in the West today. But in the past 20 years, economic growth in China and other parts of the world has reversed the trend, according to economists.
