PARENT ANNOUNCEMENTS

To start our 29th year of Broughton broadcasting, WCAP, our school's television station, will be publishing two "Capital News" episodes per month on the school's website until regular on-campus broadcasts can resume. We'll be relying on some "greatest hits" from our report archive, but there will be some all-new "stay-at-home" segments, too. Our first episode will be posted on Monday, September 28th. If you'd like to have any school-wide announcement(s) for students included in the first episode, please email me your information (mmartin3@wcpss.net) by 3pm on Friday, September 25th. Our second episode is planned for an October 12th release. Email me with any questions. - Brian Martin

GLOBAL POINTS OF PROGRESS - New Zealand: New Zealand's Department of Conservation has helped the wild population of black stilts - or kaki, in the Maori language - grow by 30% over the past year. The kaki is a critically endangered wading bird that used to be common across the North and South islands of New Zealand. There are 169 adult birds known to live in the wild. The success of the Kaki Recovery Programme has made conservationists hopeful that they can save one of the world's rarest birds.
