GLOBAL POINTS OF PROGRESS - United States: In 10 years since its founding, the National Registry of Exonerations has recorded over 3,000 people being granted freedom, dating back to 1989. The 2021 annual report, released in April, includes 161 people exonerated in 2021, just under half of whom had been convicted of homicide. On average, the exonerated defendants spent 11.5 years in jail for crimes they did not commit.

PACK-THE-NEST
A Future Teachers of North Carolina Event
hosted by: North Carolina Central University

To help address the diversity gap between teachers and students in NC public schools, particular attention will focus on the recruitment of high-achieving juniors and seniors and students of color (e.g. African American, Hispanic, Native American and Asian)¹. NCCU SOE will recruit students representing rural, urban and suburban public schools from across the state. Please see enclosed flyer for details. To register your student please click the [link](#)

- The two-day experience titled Pack-the-Nest (PtN) will also allow students the opportunity to participate in an on-campus summer experience.
- During the interactive virtual event, participants will engage with recent principals- and teachers-of-the-year, novice and veteran classroom teachers, current education majors and NCCU faculty and staff.

The College of Agriculture and Life Sciences (CALs) Office of Diversity and Inclusion (ODI) at NCSU (<http://go.ncsu.edu/calsdiversity>) is hosting a FREE summer program, called CAALS 3-D, from July 25th through July 28th, 2022, for rising 11th and 12th-grade high school students. The CAALS 3D program (Creating Awareness of Agriculture and Life Sciences Disciplines, Degree Programs, and Discoveries) is inviting students from local high schools to NCSU for a four-day research experience with faculty in our college. The goal of this program is to introduce underrepresented students with interests in science, to the science of agriculture and biotechnology, one of the most prolific career paths in North Carolina. Interested in Williams College [MA]: The 2022 [Windows on Williams \(WOW\)](#) application is now available. The WOW fly-in program provides more than 200 high-achieving seniors an all-expenses-paid opportunity to visit campus and experience the Williams community. WOW is a selective program [open to rising seniors](#) in the U.S. and Puerto Rico; preference is given to high-achieving students who couldn't otherwise afford to visit Williams. WOW participants stay in dorms with current students, attend classes, meet with professors, and learn about our admission process and our extraordinary financial aid program. Currently, WOW participants will be required to provide proof of Covid-19 vaccination and booster, if eligible, in order to visit campus. We will notify WOW participants should campus Covid-19 policies change. If interested, [apply using this link](#) by either of our two deadlines: July 1 or August 1, and feel free to [contact us](#) with any questions.

Wake Tech's Summer Bridge program called Eagle Start is a great way for high school seniors who are interested in Wake Tech that have less than a 2.2 GPA to get some developmental courses taken care of for free. Every student that finishes the program receives a free laptop at the end! You can find more information about Eagle Start here: [EAGLE START Bridge Program | Wake Technical Community College](#)

Seniors: Scholarship Bulletin #24 has been posted on our homepage and can be found by going to Students/Seniors/Scholarship Information/Scholarship Bulletins. It has also been posted on the Student Services Webpage www.broughtonstudentservices.weebly.com.]

Seniors and Juniors may sign up to meet with college representatives who visit Broughton throughout the year. Sign-up sheets are posted in a notebook outside the Guidance Resource Center [Room 1209]. See Mr. Rudder in the Guidance Resource Center if you have questions.

If you're looking for a way to help your college-bound high school students make important decisions about life after high school, encourage them to join us at Rochester Institute of Technology this summer for [Explore Your Future!](#) EYF is a week-long, on-campus summer program for college-bound deaf and hard-of-hearing high school students who will enter their junior or senior year in fall 2022. During EYF, students learn how their interests can lead them to a career, and they explore career options in various fields, including the arts, business, computers, engineering, science, and more specific topics, such as the internet of things, 3D printing, entrepreneurship, emotional intelligence, and biology. Students who attend EYF receive an application fee waiver to apply to RIT at no cost, and those who enroll at RIT for college will receive a scholarship! That's right, when they participate in EYF, they can apply to RIT for college at no cost, and they'll receive a scholarship! There are two EYF sessions. Your students can choose the session that works best for them. Session I: July 9-14; Session II: July 16-21. Students who participate in EYF this summer will meet other deaf and hard-of-hearing students from all over the country, and it's a wonderful opportunity for them to make new friends! [Check out EYF](#), and encourage your students to [apply today!](#) If you have any questions, contact us at 585-475-6700, toll-free in the U.S. and Canada at 1-866-644-6843, by videophone at 585-743-1366 or by email at EYFinfo@rit.edu.

The University of Chicago's summer pre-college programs draw from the multidisciplinary emphasis and intellectual richness of the College's Core curriculum. Programs with in-person and online courses include:

Immersion: Course subjects include American politics, biotechnology, developmental psychology, philosophy, physics and more.

One-Week Enrichment: Whether it be leadership, civil discourse, or quantitative analysis of complex problems, each program will advance and enhance skills that students can apply to their studies in high school, college, and beyond.

Stones and bones: Students go behind the scenes at the Field Museum - one of the world's great natural history museums - and into the field in Wyoming to learn how fossils are collected, analyzed, and conserved.

UChicago Summer Online: From anywhere in the world, students can explore subjects like biochemistry, art, and quantitative finance through five-week courses involving real-time interaction, engaging class discussion, and group projects. To learn more about Summer Session, or to apply to the program, visit www.summer.uchicago.edu.
