

My Schedule for Virtual Learning

Ms. Kwasniak's Homeroom

Period	Time	Class	Teacher
1	8:00-9:00	Math	Ms. Kwasniak
2	9:00-10:00	P.E.	Mr. Haymore
3	10:00-11:00	Science	Mrs. Brown
4	11:00-12:00	Lunch	
5	12:00-1:00	Social Studies	Ms. Wilcox
6	1:00-2:00	Language Arts	Ms. Colon
7	2:00-3:00	Elective	

Notes:

- All students will follow the same 7-Period day schedule for the first 9 weeks of virtual learning (Math, ELA, Social Studies, Science, Healthful Living, and an Elective). When students on Plan B begin to transition into the building, bell schedules will be adjusted to accommodate health screenings, social distancing requirements, structured transitions, bathroom and handwashing breaks, and the sanitation of classroom materials.
- Teachers will work in PLTs (Professional Learning Teams) to design lessons that will provide a consistent experience across all environments.
- All students will be assigned to four core classes (Math, Science, Social Studies, Language Arts). Students can expect to have daily live instruction during the designated time block for Core classes. Students will also engage in independent work, small group virtual activities, and be provided teacher support at these times.
- Additionally, students will be assigned to an elective class and healthful living class. These classes will have live instruction a minimum of two days per week on assigned days. Asynchronous (independent) learning activities will be completed on days live sessions are not scheduled.
- Students should expect 2-3 hours of live instruction daily with a total of 5-6 hours of school work a day.
- Special Education Services will be scheduled into students' core and/or elective classes as reflected on their IEP.
- Specialty teachers (SPED, ESL, AIG, Intervention) will push into both in-person and remote classes.
