The Leesville Sock Hop

By TJ Westphal and Brian Hutchinson

On October 25, LMS had a 50's sock hop. It was from 7-10 p.m. Although a lot of students came, the fact that LMS has no eighth graders really made it seem small. That was for the better!

Last year in dances at some of the other schools, you could hardly move around, but this year there was plenty of room in the gym for the amount of people that were there. We were even able to get the Electric Slide going with almost the whole group.

Before the dance, the organizers told students that there would be one fifties' song per hour. It actually turned out that the D.J. played more than that. But, he also played a lot of music from the 90's. He did a good job and we thank him for coming. He managed to remember several of the many song dedications that people asked him to dedicate.

At the dance all the students were well behaved. Dr. Beckwith said we could have more dances because of our good behavior.

Student Council

By Melissa Buff

Congratulations to the following students who ran for student council offices:

President: Melissa Buff
Bryan Eure
Allison Pahl
Stephanie Reed

7th Grade Vice President: Shana Maxon
Greg Eiswirth
Andrea Phelps
Laura Phillips

Secretary: Jeff Inmon
Laura E. Phillips
Katie Genty
Ashley Watts

Treasurer: Brad Wedding
Rob Felicio
Lisa McKnight

On Monday, October 28, all candidates did their speeches, and we voted in TAP classes. Everyone did a great job, but only one person from each office was chosen. Congratulations to the following students who were chosen to represent the student body:

President: Melissa Buff
7th Grade Vice President: Shana Maxon
Secretary: Jeff Inmon
Treasurer: Rob Felicio
6th Grade Vice President: Billy Laxton
Sergeant-At-Arms: Steve Wehmeyer

A Logo for Leesville

By Paw Print Staff

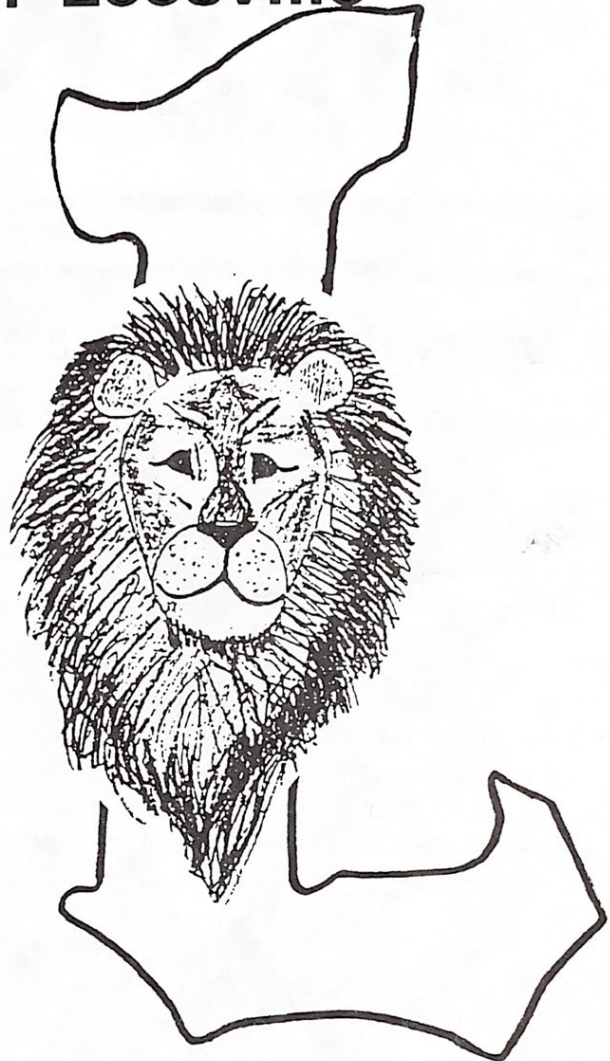

As a new school, Leesville Road Middle School decided to design its own school logo. Students from both grades drew and submitted logo designs for display and judging in the media center.

A committee of teachers, administrators, parents, and students chose a combination of the ideas and designs submitted by: Brian Breedlove (grade 6), Jody Redhage (grade 7) and Kelly Frye (grade 7). Congratulations to all those who contributed to making the Leesville Lion a logo in which we can all take pride!

Paw Print Needs A Logo

By Paw Print Staff

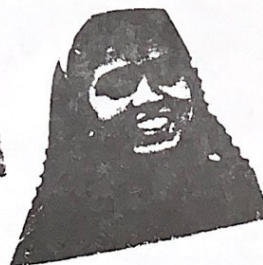

The Logo used on this issue of the paper was submitted by Rebecca Leslie, a 7th grader at LMS. It is one of several now being considered for adoption by the Paw Print as its permanent front page logo. If you would like to develop a logo for consideration, please submit it to Ms. Tugurian, room 135 by December 1, 1991.

Sixth Graders Win Pumpkin Contest

special to the Paw Print

Sixth grade TAP groups competed in a pumpkin contest. Winners were selected for Scariest (Mitch Robb and Joey Sawyers), Funniest (Kevin Moss and Joe Burgess), and Most Creative (Anne Karner and Meghana Prakash). Winners are shown below.

LMS To Have Television Studio

By Sam Aldrich

Talks are on-going about putting up a television studio in the media center. There is a large room reserved for it. Also there is a smaller room for editing and controls for the lights and cameras. This room has three glass windows so that the people can actually look at the production being made.

The media specialists are the ones who are actually overseeing the project. Mrs. Parker said, "The kind of productions students will be making include short movies and even a morning newscast." Mrs. Parker is the Leesville head specialist. Plans are underway to begin ordering the equipment next year. These things include spotlights and editing controls to name a few.

The productions can be aired on all Leesville television by what is called the Master Antenna Television System. "The media center will be starting small," said Mrs. Parker. By doing productions like these the students will learn how television shows and movies are made.

Art Work at Fair

By Paw Print Staff

Some of Leesville's own had their work on display at the State Fair. The art exhibit was in the industrial building. The students who were selected to display their work were Lauren Karkow, Alan Rowe, Michael Curtis, Sean Sullivan, and Brent Lesmerises. Way to go!

New Beginnings for the PTSA

By Shanna Cannon

This is a new beginning for Linda Dietz, one of the PTSA co-presidents of Leesville Middle School. In addition to Ms. Dietz, there were eight other parents, including her co-president Will Grant, who helped start our new PTSA. They continue to look for new parents to join them, especially as volunteers to help with a variety of projects and committees.

As co-president, Ms. Dietz comes in to school almost every day to work for the PTSA. She also works at home. She oversees PTSA meetings and helped establish the budget and fundraisers.

This year, the PTSA budget is \$25,000. All of it goes to improving our school, helping both students and teachers. The PTSA is making the money by selling T-shirts, shorts, etc., and by holding a no-fuss fundraiser.

1991 Cheerleaders

By Jeff Inmon

The 1991 Leesville Cheerleading Team is looking forward to a great new year. During the fall the squad is cheering at the volleyball and soccer games.

The cheerleaders are: Carey Campell, Jenna Clark, Stacey Edwards, Kristin Gilmore, Jenny Kittle, Urhura McNeil, Christina Morabito, Laura Phillips, Courtney Williford, and Mary Williford. Carey Campbell is the captain and Coach Williams is the instructor.

The cheerleaders are very energetic and are very happy to be on the very first cheerleading team at Leesville Middle School.

Teacher Feature: A Talk with Coach Carolyn Reitz

By Amber Delaini

Paw - Hi, my name is Amber and I'm from the Leesville Newspaper staff and I'm here to ask you some questions!

C.R. - O.K.!

Paw - How many years have you been teaching?

C.R. - I've been teaching for 20 years total, but have stopped from time to time to be with my children.

Paw - At what other schools have you taught?

C.R. - I taught at Enloe High, Ravenscroft, and Ligon and Martin Middle Schools. I was a P.E. Supervisor with the Fayetteville City Schools.

Paw - How do you like Leesville so far?

C.R. - I love it! It's a great school now and will only get better. We have teachers who care about educating children and who want the best for the child and the school.

Paw - Which sports do you coach?

C.R. - At Leesville I coach girls' track and field and girls' volleyball. In the past I've coached volleyball, basketball, swimming, tennis, and golf. At Sanderson, my team won the State Volleyball Championship. At Ravenscroft, my boys won the State Championship in golf.

Paw - Why do you think you were named Teacher of the Year?

C.R. - That's a hard one. Every teacher here is really a Teacher of the Year. Dr. Beckwith selected teachers that want to work hard for children. I was flattered and appreciative.

Paw - Are you married? Do have children?

C.R. - Yes, I've got one daughter named Edie who's married and lives in Charleston and has a seven month old son. I also have a son, Bo, who is a student at Wake Forest-Rolesville High School. He plays basketball and golf for the school. My husband is a golf professional and played the tour for awhile. He was Head Professional at North Ridge Country Club for 15 years and is now part owner of the Wake Forest Country Club.

Paw - Have you always lived in Raleigh?

C.R. - Most of the time, I've lived in Raleigh. I lived in Fayetteville for about three years.

Paw - What are your hobbies?

C.R. - Outside of my family, I am director of the State's largest and oldest golf tournament. My husband and I run golf camps and work with Christian camps. I have also been a leader in the Bible Study Fellowship for 11 consecutive years! This study involves more than 3500 men and women in Raleigh.

Paw - What is your favorite sport?

C.R. - Wow, that's hard to answer, I love them all! I guess if I had to pick one, it would be golf! Although some days I like watching football or volleyball or Olympic boxing!

Paw - Well, thanks for talking with us!

C.R. - You're welcome, thank you!

Opening New Horizons

By Chip Wright

Mrs. Staten, a 7th grade Language Arts teacher at LMS, has left school temporarily to take a new job opportunity. She said it was, "an opportunity to venture into a challenge." She felt it was a once in a lifetime opportunity. She hopes it will help her to be a better educator.

In her new job, Mrs. Staten will not be teaching in a classroom. She will help and instruct teachers in other school systems. She will be an instructional specialist for one year. At the end of the year, she hopes to return to Leesville Middle School.

Mrs. Brown has joined the ACES team in Mrs. Staten's place. Drop by and welcome her to Leesville.

Mrs. Staten was the team leader for the 7th grade ACES. A team leader's job is to keep the teachers informed on upcoming events. Mrs. Tugurian is the new team leader. She will have to keep the teachers updated and informed on upcoming events.

Good Luck Mrs. Staten !!

Second in Command: Mr. David Rockefeller

By Sam Aldrich

Mr. David Rockefeller is the Instructional Supervisor at Leesville Road Middle School.

Mr. Rockefeller graduated from East Carolina University. He also attended North Carolina State University and North Carolina Central University.

He enjoys working at Leesville Middle where he can directly help the 627 students who go here. When the 8th grade opens next year, Mr. Rockefeller estimates there will be 1000 students going to school here. He has high hopes that when this occurs, the 6th through 8th graders will be as successful as this year's group has been.

This man who is over 6 feet tall likes music a lot. In fact, he majored in it when he attended college. His favorite musician is a man named Mel Torme. Mr. Rockefeller thinks that Mel Torme is the best jazz musician in the world. He likes Mel Torme so much that he has his name on his license plate.

Patriotism on the Rise

By Chip Wright

Mrs. Williams would like to give special thanks to the following people who raised and lowered the flags at Leesville Middle School at the beginning of the year:

U.S. flag: Shana Cannon, Jody Redhage, Curtis Washington, Eric Townsend, Chris Zerbe, Greg Esworth, Justin Gnaggy, Matt Cottrell

N.C. Flag: Thomas Durham, Jason Dean, Kelly Peeler, Jatin Joshi, Jamie Burch, Laurie Luddy, Brittany Herman, Eric Radtke

She would also like to give thanks to the alternates who stood by ready to help when needed.

Student Spotlight

By Brian Hutchinson

Jeff Inmon is a 7th grader at LMS. A lot of students know him, but don't know his secret talent: singing.

Jeff is in a group called the Jack of Spades. His group consists of three members. The other members of the Jack of Spades are Sam Aldrich and Tony Gill. Sam Aldrich is also a student at LMS.

No one in the group plays an instrument. They sing with the only background music being other members making sound effects. Jeff and Tony are in charge of writing the songs. Their songs are about love, girls, and rap.

When the band first started, it was only Sam and Jeff. Then about a year ago, Tony joined.

They don't sell their songs, but plan to have them published in the future. They plan to send their songs to a music company.

Foreign Folks, Food, and Fun!

By Jeff Inmon

Mary Williford, Sara Buss, and Jason Petty all went to the International Festival of Raleigh which was held on October 4, 5, and 6. According to their reports, it was a very cultural and educational experience.

The International Festival is a festival where many people from different countries come to show the particular aspects of their culture. There were dancers, stories, crafts, musicians, and lots of food. Participants got to try sauerkraut, Apple Empanada, cannoli, Baklava, and egg rolls, among other things.

From Swimming to Soccer

By Jeff Inmon

Coach Carroll is the girls' Soccer coach and one of the P.E teachers at Leesville. Coach Carroll was a competitive swimmer at AAU and UNC before starting to coach. She started coaching at York Elementary (6 years) and then she continued coaching at West Millbrook Middle School. She's excited to be able to join the Leesville coaching staff.

Coach Carroll has high hopes for this year's girls' soccer team. She thinks that they are promising, strong, and very competitive. She also said that this is an experimental year because our team is made up of seventh graders who will play against seventh and eighth graders from other schools. The team, therefore, expects to have a few losses.

Coach Carroll enjoys working at Leesville and thinks that we have it better than any other school because it is a new school, a new faculty, and has a great student population. She also agrees that we have a very cooperative staff and hopes to be here for a long time.

When News Breaks

When news breaks, tell the *Paw Print*. There are only twelve reporters and we can't hope to get all the news without your help. Get in touch with one of the staff members or get word to Ms. Tugurian, room 135. For list of staff, see back page.

Sports Wrap

by Mark Schnegelberger

This year is a "building" year in sports at Leesville Middle School. We have all new sports fields, coaches, and most important of all, we have new teams. Despite our newness, all of our sports teams are promising and we're hoping that all LMS teams will dominate in our conference.

The girls' volleyball and soccer games will be held on Wednesday afternoons. If you have any questions about the schedule, ask a coach.

The girls' teams had their first interscholastic competition on October 2 against Daniels at Leesville. We had a very good turnout at the game.

Volleyball

The girls' volleyball team is led by Head Coach Reitz and Coach Leary, who helps the girls work on their technique. The team members are: Maribeth Bridges, Meredith Brown, Erin Cates, Amber Frazier, Kristin Freas, Sharlynn Floyd, Jody Redhage, Laurel Stuart, and Kelly Wynn.

The players play all positions because they rotate. Their uniforms are white shirts and blue Umbros. Their team name is the Lady Lions.

Scores:

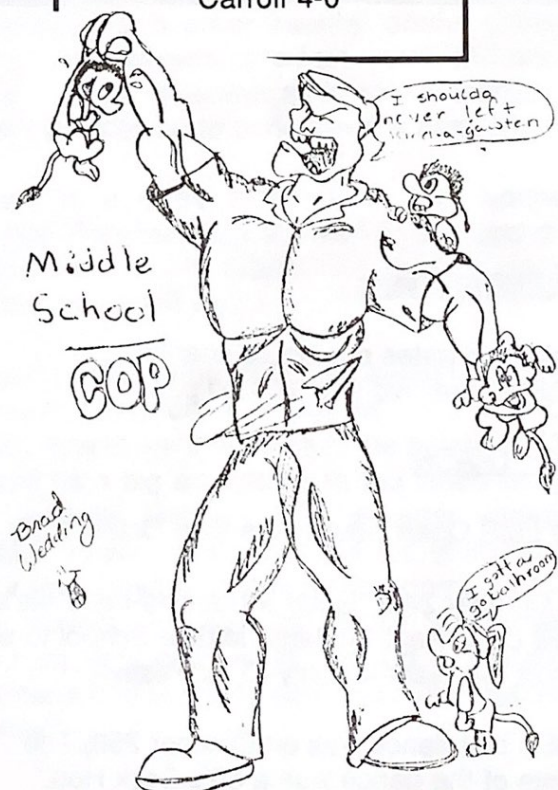

Daniels: 5-15, 15-4, 6-15
W. Millbrook: 10-15, 7-15, 9-15
Wake Forest: 11-15, 10-15, 6-15
East Wake: 12-15, 15-13, 13-15
Carroll: 12-15, 8-15, 10-15

Soccer

Coach Carroll is the girls soccer team coach. The team members are Heather Bergeron, Shanna Cannon, Stephanie Frazier, Beth Forehand, Michelle Priest, Katie Ziolek, Chelsea Wright, Amanda Ritch, Mary Beth Cavallero, Erin Briggs, Jennifer Richardson, Carrie Clouse, Bergit Ripple, Jody Runyon, and Summer McCarroll. The team colors are navy and grey.

Scores:

Daniels: 1-4
W. Millbrook 2-5
Wake Forest 4-2
East Wake 8-0
Carroll 4-0

Calendar: What's Coming Up

Media Center News

Special to the Paw Print

The school year began with orientation to the media center for all sixth and seventh graders at Leesville Road Middle School. The media staff, Mrs. Parker, Ms. Worsham, Mrs. Abarno, and Mrs. Redhage introduced students to a center equipped with a beginning collection of 8000 books.

An exciting feature in the media center is the new technology. Instead of a traditional wooden card catalog, books and materials are accessed by computer. Five terminals will soon be available for students to use in locating needed books.

In addition to printed encyclopedias, the media center has three encyclopedias on compact disk with ROM (read-only-memory). By networking CD players and computer terminals students have a new medium for use in doing reference work. Leesville Middle School has Compton's, World Book and Grolier on CD-ROM.

Help Wanted

Several 6th graders are needed to join the *Paw Print* staff as part time reporters to help us get the 6th grade perspective and news. If you're interested, please let Ms. Tugurian know as soon as possible.

Can Ban An Editorial

By Geoffrey Graybeal, Editor

As you know students are not allowed to bring cans into the school cafeteria. In my opinion this is unfair. I have talked to several students at Leesville and they feel this way as well.

The administration says cans aren't allowed because they do not dispose well in the cafeteria's garbage machine. Why do we have to throw the cans away? Why don't we recycle them? Recycling helps the environment and is a solution that would permit cans in the cafeteria.

Another reason the administration says cans aren't allowed in the cafeteria is the nutritional value of soda. This topic is about cans though, not soda, and besides not all cans contain soda.

Gatorade and other healthy drinks come in cans. The cafeteria sells fruit punch and orange drink. If the cafeteria sells these drinks why aren't we allowed to bring them in cans?

There is a drink machine in the teacher's lounge. Teachers are allowed to buy and drink canned drinks. If teachers can drink canned drinks, why can't we?

Students who bring their own lunch would have a wider selection of drinks to bring with their lunch if cans were allowed in the cafeteria. This would be a big advantage to the lunch-bringers of Leesville Middle. With a wider variety of drinks allowed it would make the students feel as if they have a little more freedom. I believe the students of Leesville Middle School would be happier if cans were allowed in the school cafeteria and recycling of those cans was a possibility.

Team Scene

The Sixth Grade Scene

By Jessica Bongiovanni

The Wild Cats: The Wild Cats are led by Mrs. Jeffers (social studies), Mrs. Robbins (science), Mrs. Cornish (language arts), Mrs. Fulford (math). The Wild Cats are enjoying their school year so far.

The team has 113 students and each class has 28-29 students. All the teachers came from different backgrounds. Mrs. Jeffers said, "I like working with all my students in Leesville Middle School and we are all looking forward to a wonderful year."

High Flyers: The High Flyers are "Flying into a new year of sixth grade!" The students in this team enjoy working with Ms. Heartley (Math), Mrs. Maguire (science), Mrs. Mattox (language arts). All three teachers teach social studies. One unique thing about this team is that it is a 3-person team so its smaller than the normal team.

Each class has about 28 students and there is a total of 80 students on the team. The High Flyers have already had a guest speaker in their health class. On September 25, Mrs. Kennedy from the Rex Wellness Center came to speak about foods and nutrition.

Voyagers: According to Mrs. Petree, the Voyagers are "voyaging through the year making new friends and learning new things." The teachers in the Voyagers are Mrs. Petree (Math), Mrs. Drawbaugh (Language Arts), Mr. Hunter (Social Studies), and Mrs. Moock (science).

In each class there are about 27 students and in the whole team there are 108 students the Voyagers are looking forward to a super year.

The Seventh Grade Scene

By Jamie Oar

The Mariners: The Mariners team has a lot ahead of them this year. From what Mrs. Wright has told me, all of those kids' feet are going to be worn out by the end of the year. Check this out! These are just some of the fieldtrips they are thinking of taking: the Shearon Harris Nuclear Power Plant, the Discovery Place in Charlotte, and the IBM Nature Place.

The Mariners' give most improved student recognition based on the student's overall academic and social behavior. The students that were chosen this term are Urhura McNeil and Matt Schiller. Congratulations, you guys !!!!!

The ACES: First of all, ACE stands for Academically Cool. The E at the end is silent. The activities this team is considering for the year are the following: fieldtrips to the zoo, science museum in Durham, planetarium, News and Observer, and Shearon Harris Nuclear Power Plant.

The team's teachers are Mrs. Brown (Language Arts), Mrs. Fornaro (Math), Ms. Tugurian (Science) and Mrs. Williams (Social Studies).

The Yellow Jackets: The team teachers for the Yellow Jackets team are: Mr. Holloman, Dr. Christesen, and Mrs. Beaslie who is gone for maternity leave. The Yellow Jackets are looking forward to a great year.

What's Hot...What's Not - a commentary on fashion

by Melissa Buff

One of the things you see when you start a new school year is what styles have changed and which ones have stayed the same. Below are some of the new styles for guys and for girls...

GUYS

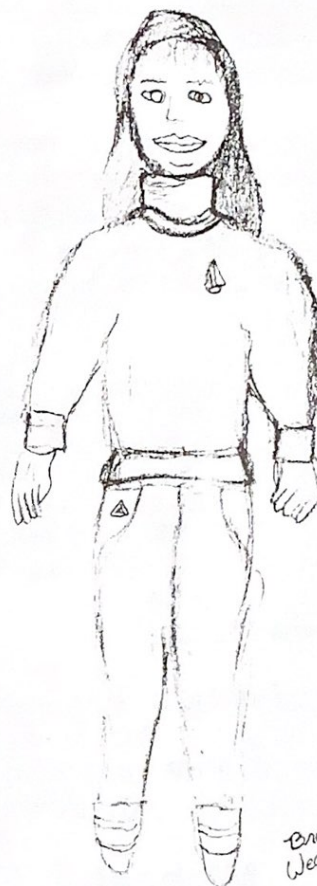

HOT	NOT
shoes: Gazelles, Sambas, Docksiders	L.A. Gear
looks: Preppie; Soccer	Skater/Hippie
styles: Duckheads, Dockers, Polos	Bell bottoms
colors: Blue	Pink

GIRLS

HOT	NOT
shoes: Sam & Libby's High Tops	Jellies
looks: Preppie	Hippie
styles: Duckheads	Vests
colors: Black/Red	Pink

What school clothing do you think makes guys/
girls look most attractive?

We all know that if you went up to a guy and asked them that question, they most likely would say nothing. But I went around anyway and asked a few guys what they thought. Some said Cheerleading uniforms, but most said jeans. Girls seemed to think guys look best in "jeans, definitely."

Wedding

Poll Picks

By Brian Hutchinson and T.J. Westphal

In late September and early October, a poll was sent out to all TAP teachers. It had a list of four comedy movies of this past summer. The four movies featured were *Doc Hollywood*, *Hot Shots*, *City Slickers*, and *Naked Gun 2 1/2*.

Your TAP teacher should have taken a vote in your class to find out whether or not you liked the movie. We accepted the first 100 votes for each movie. We took the results and made a decision according to our scale. Here is the scale we used:

<u>% that liked it</u>	<u>Paws</u>
100%	3 paws up
75-99%	2 paws up
50-74%	1 paw up
25-49%	1 paw down
1-24%	2 paws down
0%	3 paws down

Here's how you felt!

DOC HOLLYWOOD 60% liked it, so 1 paw up
 HOT SHOTS 80% liked it, so 2 paws up
 NAKED GUN 2 1/2 80% liked it, so 2 paws up
 CITY SLICKERS 90% liked it, so 2 paws up

Michael J. Fox

By T.J. Westphal

You probably recognize the name Michael J. Fox from his recent hit movie "Doc Hollywood". Michael has had a history of great movies like "Back to the Future 1, 2, and 3", "Bright Lights, Big City", and "Casualties of War". He has also starred in a good T.V. show, "Family Ties," and has done many popular Diet Pepsi commercials.

Michael married his T.V. girlfriend, Tracy Pollan, on July 16, 1989. He likes ZZ Top and is good friends with the band. He was born in Canada on June 9, 1961. The most surprising fact I found out was his middle initial is really "A" not "J".

Westinhutch

by T.J. Westphal and Brian Hutchinson

After we made the decisions from your voting, we made decisions of our own. Below is an chart that explains our ratings:

2 paws up = Excellent Movie
 1 paw up = Good Movie
 1 paw down = A Decent Movie
 2 paws down = One Ugly Movie

Doc Hollywood

1 paw up

Doc Hollywood was about a doctor who decides to become a plastic surgeon. On his way to making it big, he got sidetracked to a little town in South Carolina. While there, he has to serve as the town's doctor. During his time as the doctor, many funny and exciting things happen.

Hot Shots

1 paw down

Hot Shots was about a guy who use to be in the army. Now the army wants him back. This was a slapstick movie that lasted too long. It didn't make any sense whatsoever.

City Slickers

2 paws up

City Slickers was a about three middle age guys looking for a chance to get away from their normal lives. Billy Crystal did a great job in this movie and needed a good a movie to put him back on the top.

Naked Gun 2 1/2

1 paw up

Naked Gun 2 1/2 was another slapstick movie on our list. We thought it was better than *Hot Shots*, mostly because of the acting. It was maybe a little too stupid, but it did make you laugh.
