

# WAKE FOREST HIGH SCHOOL'S FOREST TRAILS

## PARENT NEWSLETTER JANUARY 2021

### HOW DO I... TAKE MY EOC/CTE TEST?

The EOC/CTE testing schedule for the week of January 11-15, 2021 can be found on the WFHS website or at this [link](#). Please pay particular attention to the notes at the bottom of the schedule.

Students are not permitted to have cell phones/smart watches in the testing rooms.

WFHS will not be providing hand-held calculators. There is a Desmos calculator built-in to the testing software. Students should be familiar with this calculator through the work they have done in their math courses. Students may bring their own approved calculator to the testing session. They will be required to clear the memory on their personal calculator prior to the start of the test.

Students may be dismissed from school at the conclusion of the exam period. They will need an Early Release form each day they test. Forms will be available on the WFHS website by Winter Break.

Please check the school website for testing updates.

### TIPS & SUGGESTIONS: SCIENCE DEPARTMENT

During this virtual time, the Science Department is happy to announce that all students enrolled in a science course have access to Explore Learning Gizmos, an online collection of standard aligned math and science simulations.

These simulations allow students the opportunity to explore and investigate many of the science concepts covered in Earth Science, Biology, and Physical Science. Students will first need to ask their teachers for the class code to sign-up.

Please reach out to your child's Science teacher if you have any questions.

### HAMLER'S HIGHLIGHTS

Happy New Year 2021! Please refer to our website for a "Welcome Back" video for all students returning to the building. Hopefully this will help you through the first day. We are here to support you.

Emails were sent to families with Cohort/Track information for second semester for those students returning for in-person instruction. If you did not receive the information, please let us know.

Students please return all textbooks from first semester January 11-15 from 8-2 in front of the school building. Bins will be labeled and placed along the front entrance.

Stay warm. Stay safe. GO COUGARS!

### SENIOR MEMORY ADS

Senior ads for the yearbook are now on sale. You have an option to pay a deposit or in full on the Jostens [website](#). Complete this [form](#) to order a senior memory ad by January 31, 2021.
