Teachers/Emails/Remind Codes:

English/ Language Arts: Dr. Wright: twright@wcpss.net ELA: 33dbf8

Math & Math Plus: Mrs. Kelsey: jkelsey@wcpss.net Math 7: c3gcc9 Math 7 Plus: 6664h2

Social Studies: Mrs. Warren: ewarrenalter@wcpss.net Social Studies: 81010

Science: Mr. Hedley: dhedley@wcpss.net Science: ca6e8 (Google Classroom- dcxzkw)

Science -- Mr. Hedley: Welcome back as we continue our studies of air masses and weather fronts.

Social Studies -- Mrs. Warren: Students will be wrapping up their unit on revolutions this week by learning about Latin American revolutions and completing a multi paragraph writing assignment. Next week students will be applying this information for their review and exam.

Math -- Mrs. Kelsey Math Please make sure that your student is accessing Dream Box for additional practice. Please also check Power Schools frequently to see if your child has any missing assignments.

REMIND: If you missed joining my Remind messaging system at the beginning of the year, there is still time. The codes are as follows: Math 7- c3gcc9 and Math 7+- 6664h2. Remind allows me to keep you informed about upcoming tests and assignments.

Math 7: Students will also need to know how to find the area and perimeter of squares, triangles, rectangles, and trapezoids. Unit four will begin on Thursday of next week and will cover Proportions and Percentages.

Math 7+: Math 7 Please make sure that your child is studying the four different types of angles: Vertical, Adjacent, Supplementary, and Complementary. Extra practice for angles can be found on Khan Academy and I Ready.

ELA -- Dr. Wright: This week the students focused on the working conditions and why does it matter. We are currently reading the novel Lyddie.
