Mustang Team News

Big congratulations to those 66 Mustang students who made all A or A/B honor roll. We are proud of your hard work! Well done!

Please check your students' agendas for information about homework. Also, please check your student's grades through Power School. We will begin putting interventions in place to help our students reach mastery in each of their classes, including working lunch and a structured guided study team time. Feel free to contact any teacher directly if you have questions your student's progress in that class. So far, our greatest challenge so far is students not turning in their work.

Core Class updates

In ELA, we have begun our module on Shakespeare's "A Midsummer Night's Dream" by first focusing on Shakespeare himself and questions surrounding the authentic authorship of his work. Students are analyzing informational texts to identify the author's central claim, as well as supporting claims. Students will practice writing an objective summary of this complex text.

In Science, students are learning to distinguish between chemical and physical reactions.

In Math 8,

Students continue to build their math skills using Dreambox for at least 3 lessons this week and 60 minutes online.

Unit 2 Parent Guide with practice problems:
