

Summer Learning Resources

If you are seeking resources to support your child's learning over the break, please utilize the following resources:

- [Access Wake ID Portal for academic resources \(Dreambox, Letterland, Discovery Education, etc.\)](#)
- [Positivity Project Book Resources for Families](#)
- [Social Emotional Resources for Families](#)

Summer Reading Resources

Please make sure your children are reading each day. This is critical during their summer break, so they don't regress. **Students who read more, become better readers. This fact is supported by research studies for the last 70 years.**

It is also important that students spend lots of time reading good-fit books. A good-fit book is a book that a reader enjoys, which can be read with a high level of accuracy and fluency. Also, students who read good-fit books are more likely to understand what they read and, as a result, to enjoy reading more.

Please know that we appreciate all that you do each and every day to help your children to continue growing as readers. **Below are some digital reading resources that you can use over the summer.**

Big Universe: <https://www.biguniverse.com>

- Teachers:
 - Username: (beginning of email) ex: ajohnson12
 - Password: (ID#)
- Students:
 - Username - WCP+ student WAKEID NAME For example: (WCPkjohnson)
 - This information should be given out to students by the teacher
 - Password - student ID# (ex: 123456789)
 - Group code - wcpss

Tumblebooks: <http://www.tumblebooklibrary.com/Default.aspx>

- Username: olivechapel
- Password: books

EPIC! www.getepic.com

- An online free program for teachers that has unlimited access to thousands of books, videos and quizzes from leading publishers to help kids everywhere read, learn and grow.
- Ask your student's teacher if they have an account! If your student's homeroom doesn't have an account, PARENTS can sign up for a FREE account for a 30 day trial. Visit them at <https://www.getepic.com/>

Summer Math Resources

WCPSS still has resources linked on their website for math. Follow this [link](#) to the district's suggestions for math support. Below you will find additional online resources to help support your child with keeping skills sharp for math. Remember! Like stated above, Dreambox is always a wonderful learning resource for your child!

Khan Academy: <https://www.khanacademy.org/>

- You are able to sign up for a free account for Khan Academy or you can browse various topics for your child to practice. Khan Academy provides videos as well as activities to support various math standards. Khan Academy has math support activities for children PreK-College! Khan Academy has other opportunities for learning besides math.
- If your child's teacher used Khan Academy in class, your child may already have a login they used for in class assignments.

LearnZillion: <https://learnzillion.com/wikis/99913-math-instructional-videos/>

- LearnZillion is similar to Khan Academy. There are instructional videos which you can search for to support various math standards.

- You may create a login, however, it is not required to access instructional videos.

Math Playground: <https://www.mathplayground.com/>

- Math Playground gives your child access to math games as well as printable activities which support keeping math skills sharp.

Discovery Education: Your child is able to access Discovery Ed via his/her WakeID Portal

- You have the ability to search various subject areas to watch videos about several concepts. Discovery Ed has some excellent videos/experiment ideas to support mathematics as well as STEM!
