- School Counselors
 - Brent Walker, A-EI students
 - Ryan Cummings, Em-Li students
 - Melissa Ansbacher, Lj-Reh students
 - Lakia Holliday, Rei-Z students
 - Jill Toborowsky, ESL students
 - Kim Douglas, Mid-Year graduates and OCS students

AP Overview

The Advanced Placement Program® (AP®) are college-level courses offered in high school. AP courses reflect what is taught in top introductory college courses.

At the end of the course, students take **AP Exams**—worldwide, standardized exams that measure how well students have mastered college-level course work in high school.

Students who do well on AP Exams can earn credit and/or placement into advanced courses in college.

What Are AP Courses Like?

AP courses typically demand more of students than regular or honors courses.

- Classes tend to be fast-paced and cover more material than typical high school classes.
- More time, inside and outside of the classroom, is required to complete lessons, assignments and homework.
- AP teachers expect their students to think critically, analyze and synthesize facts and data, weigh competing perspectives, and write clearly and persuasively.

AP Helps Students Graduate on Time...

Students who take AP courses and exams are much more likely than their peers to complete a college degree on time.

- Only **one in four** students who enter college complete a bachelor's degree in four years.*
- A recent study** showed that students taking AP courses and exams were **much more likely** to earn a college degree in four years.

For example, AP English Literature students had four-year college graduation rates that were **62% higher** than students that had not taken AP English Literature.

* IPEDS database, 2008

** Linda Hargrove, Donn Godin, and Barbara Dodd, "College Outcomes Comparisons by AP and Non-AP High School Experiences." The College Board, 2008.

... and Save Money

- Students who take five years or more to graduate can spend **\$21,500 for each additional year in college.**
 - The average college cost per year for a four-year public institution is \$21,447 for in-state students.
 - Costs include tuition and fees, room and board, transportation, and other expenses.

AP and College Admission

- Colleges rank “grades in college prep courses” and “strength of curriculum” as the **top two factors** in the admission decision.*
- 85% of selective colleges and universities report that a student’s AP experience **favorably impacts** admission decisions.**

“We look favorably on students who have taken AP courses. The presence of AP courses is a sign that a student has chosen to challenge him/herself.”
—Admission Officer

AP Credit Policy Information

Information about AP credit and placement policies at many colleges and universities is available at www.collegeboard.org/apcreditpolicy.

1. Search by college or university name or by letter of the alphabet
2. You will see two things for each school:
 - A link to the college's own Web page that details its AP credit and placement policies.
 - A statement by the college or university about its AP policy.

The screenshot shows the CollegeBoard website interface. At the top, there is a navigation bar with links for 'FOR STUDENTS | FOR PARENTS | FOR PROFESSIONALS', 'About Us | Store | Help | En Español', and a search box. Below this is the CollegeBoard logo and a 'for Students' link. A horizontal menu contains five buttons: 'College Board Tests', 'Plan for College', 'Find a College', 'Apply to College', and 'Pay for College'. The main content area is titled 'AP®' and includes a sidebar with links: 'About AP', 'Registering', 'Preparing', 'Calendar & Fees', 'Exam Day', 'Exam Grades', 'Exam Security', 'Contact Us', and 'Subjects'. The 'Subjects' dropdown menu is open, showing 'Select a Subject'. The main content area has a breadcrumb trail: 'Home > College Board Tests > AP Credit Policy Info'. The title is 'AP Credit Policy Info' and 'Advanced Placement Program'. Below the title, it says 'Find colleges and universities with AP credit policy information:' followed by an alphabetical list of letters: 'A - B - C - D - E - F - G - H - I - J - K - L - M - N - O - P - Q - R - S - T - U - V - W - X - Y - Z'. There is a 'School Name:' label, an input field, and a 'Go' button. Below this, it says 'To begin your search, enter the name of the college or university or select a letter of the alphabet to find institutions that begin with that letter.' On the right side, there is a box for 'AP International Recognition' with text: 'For information on the recognition of AP at universities outside the United States.' and a link: 'Go to AP International Recognition'.

AP Boosts Eligibility for Scholarships

31% of colleges and universities consider a student's AP experience when making decisions about which students will receive scholarships.*

“Having the AP Exam score can make the difference when it comes down to awarding precious scholarship dollars.”
—Edwina Harris Hamby, former Dean of Admission, Fisk University

AP and College Success

A recent study* showed that students who earned a 3, 4, or 5 on the AP Exam had **higher first-year college grade point averages** and were **more likely to return for the second year of college** than non-AP students of similar ability.

“One of the best standard predictors of academic success at Harvard is performance on Advanced Placement Examinations.”

—William Fitzsimmons,
Dean of Admissions &
Financial Aid, Harvard
University

AP Exams

- AP Exams are administered by schools worldwide on set dates each May.
- Exams usually last around three hours.
- Each AP Exam contains:
 - Multiple-choice questions
 - Free-response questions (essay, problem-solving, oral response)

AP Exam Fees

- AP Exam fee for 2020 is \$94 per exam.
- They are paid for through a Federal grant as long as students are enrolled in the course that school year.

Why Take AP Exams?

Most two- and four-year colleges and universities in the United States offer credit or advanced placement for qualifying AP Exam scores.

- Credit:** Students earn credit toward their college degrees.
- Advanced placement:** Students can skip introductory courses and move directly into higher-level classes, and/or fulfill general education requirements.

AP Courses Offered by Our School:

English Language

English Literature

Statistics

Calculus AB/BC

Computer Science

Biology

Chemistry

Physics 1/2

Environmental Science

Spanish Language

World History

US History

Government

European History

Psychology

Human Geography

Studio Art

German
