

Our 5th Grade Classroom News

May

More detailed information regarding curriculum, assignments, and reminders will come weekly from your child's homeroom teacher.

Reading & Writing

In ELA will continue to read and write about athlete leaders of social change. Using our study of Jackie Robinson as a model, students will choose an athlete to research and will write about the factors that contributed to their success as an athlete leader of social change.

Math

In math, we are going to be working on classifying quadrilaterals based on their attributes. We will work on putting them in hierarchy diagrams. This will be a fun change of pace for the students, as this is more attribute based, rather than numbers.

We will then spend the rest of the month preparing for the upcoming EOG testing. We will review the big topics like multiplication and division of whole numbers and all operations with fractions and decimals.

Science/SS

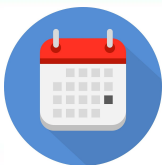

Social Studies:

In Social Studies our last unit is on Economy. In this unit the students will learn about budgeting, spending, and saving money.

Science:

We will be looking at how to read a weather map. We will investigate air pressure, fronts and what causes severe weather. We will finish the unit taking a look at different climates around the world and climate change.

Calendar

- 5.3 - 5.7 Teacher Appreciation Week!
- 5.13 ASYNC Learning Day
- 5.14 Q4 Interims
- 5.26 ASYNC Learning Day
- 5.31 No School (Memorial Day Holiday)
