Implementation of Conscious Discipline at Home

ABC's for parents of little ones...

AWARENESS

Be aware of your own inner state. Is your heart rate elevated? Are you feeling tense/frustrated, etc.? Children can FEEL our upset, so the next step is BREATHE DEEPLY and bring yourself back to the present moment.

BREATHE

Take deep belly breaths. Inhale through your nose for at least 5 seconds, and exhale through your mouth for at least 10 seconds. Do this at least 3 times.

CLOSENESS

They want to be close to you because you are their Safe Place™. Co-regulation and connection/bonding happen when they are close to you. Take deep breaths with them in moments of closeness.
