**Summer Study in Oxford and Cambridge & New York:** Programs offer students in grades 8-to 12 the chance to spend a week, two weeks , or four weeks challenging themselves intellectually in traditional disciplines, such as Economics, History, Literature, Politics, or Speech and Debate, as well as in subjects that are less commonly offered to school-age students, such as Aerospace Engineering, Architecture, Business, Engineering, Law, or Musical Theater, to mention but a few of the 150+ options on offer.

**Summer programs in Barcelona and Paris** offer intensive Spanish and French language classes at all levels, from beginner to advanced and even fluent. They also offer academic courses in Spanish and French, such as *Cultura y cocina*, *Relaciones internacionales*, *Histoire de l'art*, and *Paris: Ville imaginaire* not to mention the wide array of academic and creative courses in English. Whether they choose to join us in England, France, Spain, or the US, our students will experience university-level courses that use the extraordinary cities in which they take place as classrooms. They will also have the chance to engage with the venues through our extensive activity programs and, of course, to connect with like-minded students from over 80 countries.
