Magnet Middle School**

Virtual Student Organization Offerings 2021-2022

*Specific meeting dates can be seen by students on the Student Announcement Slide Deck, the Sharpen Your Saw bulletin boards & on the information sheets, club advisors give to students.

Name of Organization	Description	Meeting Days/ time	Staff Advisor(s)
The Art Pack	Art Pack is for any student who loves using their creativity and imagination to create art. In addition to making art projects of our own, we may also have visiting artists come to visit our club or take virtual field trips to art museums.	Wednesdays, 2nd & 3rd quarters 3:30-4:15	Ms. White
Centennial Chorus	Virtual Chorus: We will learn a variety of songs, as well as participate in various warm-up, rhythm, and music theory activities to help build our vocal and musical skills. We will also have various miscellaneous music-related activities, such as viewing and analyzing musical performances.	Yearlong, Tuesdays, 3:30-4:15	Ms. Fellenbaum
Yoga for Relaxation WORKSHOP	Yoga for relaxation workshop will focus on yoga poses to release tension in the body as well as the stretching of muscles. We will also concentrate on breathing techniques to help with your overall well-being.	Wednesday: 9/15, 9/22, 10/13, 10/20, 10/27, and 11/3 3:30-4:00	Ms. Williams-Appah
Student Council	Are you a student leader who wants to make a difference in our school community? Are you interested in serving and helping others find their voice? Do you like to have fun and plan exciting activities for others? Are you interested in helping with the yearbook? If yes to any of those questions, then STUDENT COUNCIL is the place for you!	Specific dates are given to students. Virtual Meeting time 3:30-4:10	Ms. Strickland + Ms. Maskulka + Ms. Bason + Ms. Edmundson
Girls Who Code	A club for girls who are open to learning new things. Join this club to explore and learn more about Computer Science and have fun! Coding helps with critical thinking skills, problem-solving, logic, data analysis, and much more including creativity, math, and communication.	Yearlong, Tuesdays 3:30-4:15	Ms. Bhavsar

Pokemon Go!	Like to play Pokemon Go? Join this club to make new friends and level up!	Semester-long (1st & 2nd quarters) Wednesday 3:30-4:00	Ms. Delgado + Mr. McLaughlin
Writing Club	Do you like writing? Do you find yourself wanting to be a writer? Maybe you just have a lot to say and want a place to write it down! This club is for any student who is or wants to write. Whether you only write when you have to in class or if you are currently writing your next novel you can join! We will tailor our activities to whatever our members are interested in. This could mean fun group writing games, peer editing, or even a space to bounce ideas off of each other!	Yearlong, Once a Week, Wednesdays 3:30-4:00	Ms. Smith
Health Occupations Service Organization WORKSHOP	Do you think you might like to work in health and medicine? Let's learn more about what it takes to work in the health field!	WORKSHOP on these dates: TBD	Ms. Delgado
Math Science Engineering Network (MSEN)	<p>The North Carolina Mathematics and Science Education Network Pre-College Program (NC-MSEN PCP) is a STEM-enrichment program that recruits students from underserved populations in grades 6 through 12 and provides them with experiences that will equip them to attend a four-year college/university to pursue majors in science, technology, engineering and mathematics (STEM) fields. One of four public university campuses across North Carolina that offers this program, the NC State chapter partners with school districts and schools in northeastern and central North Carolina. The program includes:</p> <p style="text-align: center;">Exposure to STEM careers Information about college admissions and scholarship Enrichment courses in engineering, math, science, and technology Opportunities to participate in local/state competitions</p>	Oct.-April, Biweekly, Thursdays 3:30-4:30	Ms. Bibbs + Anthony Bowser (NCSU Friday Institute)
Diversify Architecture Club	<p>Do you love building in Minecraft? Are you obsessed with Lego Architecture kits (or Legos in general)? Have you ever wondered who shapes and builds the city around you? Like - who designed Hunt Library? If you could redesign our school, what would you change?</p> <p style="text-align: center;">Join the Diversify Architecture Club: learn build and design concepts, with a real architect leading the projects.</p> <p style="text-align: center;">This is an excellent opportunity to explore what it takes to be an architect and have fun making things too!</p>	Yearlong, Wednesdays October-May 4:00-5:30	Ms. Calvo + Ms. Auteri
