

Wouldn't it be great if our parents could order classroom supplies for our teachers online?

Kennedy Office & Abbotts Creekhave a solution for you...

Stay tuned to www.kennedy4kids.com for an exciting new program offered to ACEs parents ONLY! On July 1st you can visit this website which has been created to help parents order needed supplies for your child's classroom and teachers. These are not your child's individual supplies but those needed to support the classroom as well as the specialists teaching art, music, technology, etc... The program has been designed to eliminate the need to carry everything in on the 1st day of school. It also allows our teachers and staff to be organized and prepared for students before they return from summer break! It's super easy and we feel confident you'll love it!! Stay Tuned!!!
