# PRIVACY RELEASE

## INSTRUCTIONS

This form explains potential uses of student photographs and video images by the Wake County Public School System (WCPSS) and allows you to grant or deny permission to the WCPSS to release your child's image for display or publication.

Yearbook and class photos are handled separately. If you do not want your child to be in the class photographs or yearbook, contact the school directly.

This form also allows a parent or legal custodian the choice whether or not their student may be identified by name on the school or district's Internet websites. Student names may be released unless a parent or legal custodian has expressly contacted the school and requested that their student's "directory information" not be shared. However, as a safeguard, the district does not directly publish student names to the Internet unless given permission by a parent or guardian.

The WCPSS uses internal and external media to highlight the K-12 experience in a variety of ways, which may include the use of photographs and videos of students. For example, student images may be published or displayed in printed materials (such as brochures and newsletters), videos, school websites, and information about school events and activities provided to external organizations and media outlets. Parents have two options for granting or denying consent:

- Parents/Legal Custodians may deny permission for any display or publication of their student's image. You should select this option if you do not want your student's photograph to be used on the WCPSS or individual school websites, in WCPSS or school publications, or in release to external organizations (such as PTA and booster clubs) or the media.
- Parents/Legal Custodians also may grant permission for their student's image to be published or displayed in print, video, and/or digital media. Selecting this option means that your student's photograph and name may appear in WCPSS or school publications, on the WCPSS or individual school websites, and may be released to external organizations (such as PTA and booster clubs) or the media.

Please complete this form and have your student return it to his or her school. This consent form remains valid throughout your student's K-12 experience with the Wake County Public School System or until a new form is completed and signed by a parent/guardian or eligible student.

# CONSENT FOR TECHNOLOGY AND DIGITAL RESOURCE USE

## INSTRUCTIONS

Parental permission is required in order for your student to access technology and digital resources at school. The Wake County Public School System (WCPSS) uses a variety of technology and digital resources to enable and enhance instruction. With permission, students may use physical devices, including but not limited to, computers, tablets, iPads, and iPods (all of which allow some degree of Internet access.) Students may also access web-based applications to create, review, store, share and potentially post their work on the Internet. Examples of these tools include, but are not limited to Google Apps for Education (not Gmail), SAS Curriculum Pathways, and WCPSS student E-Mail (K-5 at the principal's request). In addition, student information and student work may be maintained by and stored on web-based instructional sites and applications. Not all tools are used at all grade levels.

WCPSS has several processes in place to protect students while using technology and digital resources. Students are educated every year about appropriate online behavior, including interacting with other individuals on social networking websites and cyber bullying awareness and response. The district also uses Internet filters to remove most harmful content. Students' Internet activity and e-mail communications may be monitored by school personnel as provided in Board Policy 3225.

Students are expected to use technology and digital resources under their teacher's direction for educational purposes only in accordance with Board Policy 3225 and related 3225 R&P referred to collectively as the Responsible Use Policy or RUP.

- You may grant permission for your student to access technology and digital resources. You should select this option if you want your student to use computers, tablets, etc. and be allowed to access web-based curriculum tools. Your permission grants WCPSS the right to create a WakeID necessary to access web-based instructional tools. The WakeID is visible in various applications to teachers and students across the school system.
- Parents/Legal Custodians may deny permission for their student to access technology and digital resources. You should select this option if you do not want your student to use a computer or other physical device or to access web-based curriculum tools.
- Several mandatory state and federal student assessments are solely available over the Internet. These tests and assessments will be administered to ALL students. Temporary technology access for these tests will be granted for students who do not have a signed opt-in on file.

Please complete this form and have your student return it to his or her school. Consent remains valid throughout your student's K-12 experience with the Wake County Public School System or until a new form is completed and signed by a parent/legal custodian and eligible student.

- If yes**, complete and return one form for each school-aged child in your household.
- If no**, return one form for each school-aged child in your household.

N.C. General Statute 115C-12(18) requires schools to develop a means to serve the unique needs of students identified as military-connected students. The information you provide will help us to better support military connected students during pivotal times. Your child’s military connected information will be entered into PowerSchool and will be accessible to student support staff. An icon will be present on your child’s PowerSchool record indicating that he or she is military connected. The information gathered by this form will not be placed in your child’s cumulative folder.
