Please use the following information to complete the reverse side of the registration form:

- All incoming freshman will take English I, Healthful Living, World History, a math course and a science course.
- Your current teachers will recommend which courses you will take. If you choose to take a different class other than what is recommended, you will need to submit a course waiver.
- Be sure to circle your first choice electives on the back. Then write in the name of 3 alternate courses at the bottom. You should have a total of 6 electives identified (3 first choice and 3 alternates). You must select alternates!
- The Program Planning Guide provides brief descriptions of courses and other essential information for course selection. If you have questions, then please contact your child's 8th grade school counselor.
