“Students as Consumers of Education” presented by Emmanuel Ize-Iyamu (project for Strategic Marketing)

- Method: Survey of ~350 CHS students
- Results: Most students feel they learned, were challenged, would recommend to a friend
- Suggestions: Accommodation of different learning styles, use of analogy to connect previous learning to future learning.

Value Statements

- Small groups review value statement ideas generated by staff
- Whole team combines statement ideas to finalize CHS Values Statements to be used in writing of new School Improvement Plan
