

Student Lighthouse Team

Green Magnet Elementary School

What is the Student Lighthouse Team?

The Student Lighthouse Team is a student-led group of passionate students and charismatic learners that find ways to positively impact our school and help the community. Our mission is inspired in The Eight Habits Of Highly Effective People by Steven Covey. Every Tuesday, we meet to discuss important topics, such as food, equity, climate change.

THE STUDENT LIGHTHOUSE TEAM IN ACTION!

These are some of our current projects:

Canned Food Drive

What is all about?

"The canned food drive is giving non-refrigerated foods. We are giving to lots of different people that need it – you can give: Rice noodles, crackers, cereal, bananas, kiwi, sugar, flour, cake mix"

–Lilian–

"The SLT (Student Lighthouse Team) is working on a canned food drive to help us on this journey. To help, donate foods such as: rice, noodles, crackers, cereal, bananas, cake mix, etc."

–BellaRose–

Leaders are Readers

What is all about?

One of the school-wide goals for this school year is developing our students' comprehension skills and reading strategies. The Student Lighthouse Team wants to support this initiative by visiting the different grade levels to read and talk to kids about the importance of reading.

–SLT Senior Leaders Team–

Let's Celebrate Our Victories!

As we navigate this new experience as leaders and members of the Student Lighthouse Team, these are some of our victories...

We reflected on what a habit is and also on everyday actions that embrace the Eight Habits.

We collected and donated 905 lbs of food which equates to 712 meals and 37 lbs of other items such as toiletries and baby items.

We made our campus nicer by painting the outdoor benches!

We also made Thanksgiving Cards for the school staff.

Let's meet the SLT members!

Ms. Lisa Ashworth

Helena Quigg from 4th grade interviewed the Leader of the Senior Leaders Team, Ms. Lisa Ashworth.

Helena: What do you do in the Student Lighthouse Team?

Ms. Ashworth: As a leader, I plan and support the activities of the Student Lighthouse Team.

Helena: What projects are you currently working on in the Student Lighthouse Team?

Ms. Ashworth: I am currently working on the Food Bank Project.

Helena: When did you start to lead the Student Lighthouse Team?

Ms. Ashworth: I started in the school year 2018-2019, it means I have three years so far.

Morgan Hall

Aaron Ravanos from 4th grade interviewed Morgan Hall from 5th grade, one of the senior members of the Student Lighthouse Team.

Aaron: What is your favorite habit?

Morgan: My favorite habit is Habit 6, Synergize, because you get to work with other people and see their ideas, and also because when you work as a team, you get more work done!

Aaron: How old are you?"

Morgan: I am 10 years old.

Aaron: How long have you been in Student Lighthouse Team?

Morgan: I have been in Student Lighthouse for 3 years.

Aaron: How does the student lighthouse team help the community?

Morgan: We help the Raleigh community by, for example, donating to charities such as the food bank.

Aaron: What do you like the most about the SLT?

Morgan: I like that we help the community by providing people with food when they need it. We also make our campus nicer, for example, when we painted the school benches.

Announcements

The Student Lighthouse Team thanks all those families that supported the **Canned Food Drive Project**. Your kindness and generosity will make the difference in the life of many people in these difficult times.

"True leaders always practice the three R's: **Respect** for self, **Respect** for others, and **Responsibility** for all their actions."
