Students will meet twice a month to learn and play classic games like chess as well as many modern games from around the world. In this club, students will meet once a month to project their images and discuss ideas and methods to change the way a photograph looks. We'll talk artistry (mind's eye), technical stuff, lighting &amp; perspective, history, film vs. digital, maybe printing - students will guide the discussion over the year according to their interests as a group. Each month will have a "photo assignment" for display at the next meeting. Students must have access to a phone (or real) camera for some time during the month to shoot with and the ability to share/email their images to the coordinators prior to the monthly meeting. We may have a limited number of older point and shoot cameras (or maybe even a film camera!) to take home.</p>	<p>3rd, 4th and 5th Graders *New Club</p>	<p>4th Thursdays 8-8:45 AM</p>	<p>Mr. Harsh and another PTA parent volunteer</p>
