### About the School

Lucille Hunter Gifted & Talented/AIG Basics Magnet Elementary is located in downtown Raleigh and is Wake County's first magnet school. The school prides itself on being very diverse and exposing all children to cultural, social, ethnic, familial, and racial differences. Over half of the 700+ students elect to attend Hunter for its vibrant Arts Department and Gifted & Talented electives. All students have the opportunity to participate in both arts-based and academic-based electives of their choice. At Hunter, we recognize that all children have gifts and talents. It's our mission to explore, develop, and nourish those qualities which make your child special.

### GT/AIG Theme Essentials

- Extensive elective menu for exploration of interests, acceleration, and rich, in-depth study in all subject areas to enhance the Common Core State Learning Objectives
- World Language instruction offered at the elementary, middle, and high school level following the magnet pathway
- Comprehensive visual and performing arts opportunities
- Qualified academically and intellectually gifted students are grouped together for math and/or language arts according to their areas of AIG identification

### STAR Instruction

Our quality teachers pride themselves in providing the highest level of engaging, creative instruction for your child aligned with the Common Core State Learning Objectives.

### AIG Basics 4-5

Students identified as Academically and Intellectually Gifted (AIG) are given the opportunity to expand their knowledge through extensive instructional support in core classes. They are taught with their academic peers daily for their reading and math instruction. These students also have the opportunity to participate in AIG elective classes.

### Grouping K-5

Your child will be assessed on a routine basis and taught according to his/her ability level. Within the classroom students are flexibly grouped by ability for reading and math instruction. This differentiated instruction allows your child to master concepts and continually be challenged whatever his/her level of development. Although the state does not formally identify gifted students until 4th grade, we use assessment data and professional knowledge to accelerate students and provide enrichment classes with highly trained and/or certified AIG teachers as early as kindergarten.

*"After taking the Theater Production elective, I realized how much I love acting. It has really opened doors for me to do other things."

*Our students show positive:*

**Safety, Teamwork, Attitude, Respect and Self Discipline**

Through our unique elective program, your child is given the opportunity to identify and expand his/her gifts and talents in the academic content areas and in multiple areas of the visual and performing arts. Whether your child is an aspiring artist or a budding botanist, our array of over 50 elective offerings each nine weeks will allow your child opportunities for enrichment, exploration, and remediation.

*"Hunter's diversity is the best part. I love going to school with kids from different cultures and different walks of life. It's taught me to appreciate others and to get along with others who are not just like me."*

*Annabel, Hunter Student*

*"Hunter reminds me of a wonderful beehive. You can hear a constant buzz of activity. Lots of busy movement but EXTREMELY productive!"*

*Hunter Parent*
