Final Trojan Messenger for 24-25

This will be the last Trojan Messenger for the 24-25 school year.

I would like to thank all of our parents/guardians for a wonderful year. It has been a pleasure seeing the growth in your children over the course of this school year. Thank you for your support of our staff and school. I hope you have a great summer!

Periodic updates will be sent through the Trojan Messenger this summer for our returning and new families.

Students Eligible for EOG Retesting - June 16 and June 17

Students that were eligible for retesting (not proficient on the first round) and whose parent/guardian completed the Google form already were assigned June 16 for Reading and/or June 17 for Math. Transportation will run for those who typically receive transportation and breakfast/lunch will be served. We highly encourage those that already signed up to participate. Any student who was not eligible or whose parent/guardian did not complete the Google form won't be able to participate.

Transition from PowerSchool to Infinite Campus

WCPSS will be launching Infinite Campus, the new Student Information System adopted by the North Carolina Department of Public Instruction, for the 2025-26 school year. Infinite Campus will replace PowerSchool and be used districtwide to house student data including grades, schedules, bus stop information. Families will receive an email from Infinite Campus to the email address we have on file for their student in late June with instructions to access their portals. If you need to update your email information, please contact the Data Manager, Elondra Randolph.

WCPSS Cellphone Use Policy - effective 25-26 school year

You can read all the details at the link below regarding the school district's new cell phone policy which will be in effect this coming school year. This will be a big change for some students and we need parental support to make sure students are preparing for this change. Please consider limiting usage during chunks of time during the day this summer in order to start preparing students. As always, it is critical that parents are monitoring what their children are doing on social media, etc.
