

MISSION: Green Leadership and World Language Magnet Elementary School will provide a relevant and engaging education that will enable students to be collaborative, creative, effective communicators and critical thinkers.

I am immensely impressed by Green Elementary! From kindergarten, my son has grown into such a leader. I can see how he applies the 7 Habits in his life and instilling these habits at such a young age will ensure he continues to grow as leader.

PARENT

I enjoy being at Green because it provides a variety of different leadership roles for people with different personalities and perspectives like the wellness committee, the chorus, the arts and crafts club, or the student welcoming committee.

STUDENT

As a parent, there is nothing more satisfying than knowing that your children love school and are getting the highest quality education possible. At Green, this is displayed by the unwavering dedication and support given by every teacher, staff member and administrator at the school.
