

Dear Homeschool Families:

Upon review and approval by the principal, students transferring into a WCPSS school from a non-public school not accredited by one of the six regional accrediting associations* or from a **home school** may receive credit toward graduation for courses successfully completed in the non-accredited, non-public school according to the following guidelines:

A. Documentation must be provided to the receiving WCPSS school by the sending school as to the course of study the student followed, materials used, total number of contact hours per course, and scores of any standardized tests the student has taken. Please be prepared to bring the following information regarding credits earned in the homeschool setting.

- _____ Homeschool certificate
- _____ Homeschool transcript of courses taken with credits earned
- _____ Course of study/syllabus for each course
- _____ Materials used/work samples
- _____ Standardized test scores (ex: California Achievement Test)

B. Grades will be recorded as "Pass" (P) or "Fail" (F) and will be identified on the transcript as non-WCPSS grades.

C. Grades and credits will not be included in the calculation of GPA or class rank.

Without appropriate documentation, we are not bound to award credit for classes taken at an unaccredited home school.
