

World Languages

Green Magnet Elementary School

Welcome to our new learning unit: *I am good at making descriptions!*

This new unit will be full of engaging and enriching experiences through which World Languages students will use either Spanish or Chinese language to make vivid descriptions as they value what makes them unique.

Additionally, this unit will allow the students to see the world as a universe of colors, textures, shapes and cultures to be explored!

By the end of Quarter 2 students will be able to:

Kindergarten

- * Express how they feel
- * Identify and name the parts of the body
- * Identify and name and shapes around the classroom or at home
- * Count and number things up to 20
- * Understand words and expressions related to the End of the Year celebrations

1st Grade

- * Answer simple questions about self: age, birthday and talk about how they feel
- * Write simple sentences about self using Body Parts vocabulary
- * Count and number things up to 30
- * Understand words and expressions related to the End of the Year celebrations

2 st Grade

- * Answer simple questions about self: age, birthday and talk about their feelings and emotions
- * Make simple descriptions about self using the Body Parts vocabulary
- * Count and number things up to 40
- * Understand words and expressions related to the End of the Year celebrations

Our Victories!

As we navigate this new teaching experience, these have been some of our victories as a team...

Frequent attendance of live lessons.

Great participation of students in live lessons.

Students turning in their work on the digital platforms.

3rd Grade
