- . Comprehend functional classroom expressions and follow instructions
- . Use courtesy expressions
- . Answer simple question about self with complete sentences
- . Count and number objects up to 30
- . Compare the colors of his/her country's flag with another country's flag

## Some food for thought...

### Welcome to a new school year!

World Languages Team welcomes you to a new school year! This year will be full of amazing learning experiences through which students will have the chance to develop their competence in the target language as they celebrate cultural diversity, develop technological skills, and build positive relationships.

**This is me!** is the Quarter 1 learning unit. This unit aims to have students reflect on what makes them unique. It also seeks to enable them to introduce themselves and ask for personal details such as name, age, nationality, feelings and preferences. Themes of the **Hispanic Heritage Curriculum** will be aligned with the ones addressed in the core subjects: Math, Science and Social Studies. They will allow Spanish-speaking students to reinforce contents while they expand their vocabulary in the Spanish language.

World Languages Team

**Third Grade**
