

meet the

3-5 INTERVENTIONIST

Mr. Alderman

FAIRNESS

ABOUT ME

My name is Isaac Alderman, and I will be working with the intervention team this year. I was born and raised in Iowa but moved to the East Coast after college when I got married. While I enjoy hiking, biking, playing guitar, discovering new (and sometimes old) music, and drinking coffee, I am first and foremost an educator. I look forward to working alongside our Green community to ensure the success of each student this school year!

2021-22 GOAL

I will go from reading 1 book per month to reading two books per month by June 2022.
