Grading-Per North Carolina State Board of Education Policy GRAD-009, students in grades 9-11 during the 2019-20 school year were provided two options for final grades: Numeric grades or a PC19 or WC19. PC19 represents a passing grade and a credit towards graduation; WC19 represents a lack of evidence of master in the course and indicates that the school is unable to award a credit. Numeric grades are factored into the GPA and class rank, PC19 and WC19 grades are not.

Scheduling- Due to Wake County Public Schools' decision to create a Virtual Academy within our school, classes were limited for our students during the 2020-2021 school year. Many students were not able to take as challenging of a schedule as they originally intended due to course offering limitations.
