### **Behind-the-Wheel (BTW):** (March 25th update)

- Drivers are contacting the students who took the **October class of 2024** currently. Instructors will call parents by phone to schedule driving. *If you screen your calls, please realize that you might miss a call.*
- The October class will start scheduling in April. **Students can expect a 6 month wait between class ending and being contacted for behind-the-wheel instruction.**
- *Each student has 6 hours of BTW time and 6 hours of observation since there are 2 students in the car.*
- **\*\*\*If your student has turned 18, s/he must have an adult learners' permit from DMV.**

BTW **must be scheduled with the parent/guardian.**

Please speak to your driver via phone call; students cannot make arrangements themselves. Drivers meet students at LRHS and must return students to LRHS for parent pick-up.

- Once BTW concludes, the driver will issue a **Certificate of Completion**. Please review it carefully **BEFORE** you leave the lesson. If you lose it, refer to this link to request a \$25.00 replacement copy from JDS: [Lost Driver Education Certificate](#)
- **DMV Eligibility Certificates** (DECs) are issued through student services and can be picked up by the student or/parent. You will need to show your copy of the certificate of completion. **You must have the DEC for your DMV visit.**
- Students must remain in good academic standing; **DMV will issue a revocation** as outlined below from page 14 DMV handbook:  
*DMV must revoke the driver license of any person under age 18 when it receives notice from the proper school authority that the person is no longer eligible for a Driving Eligibility Certificate. This revocation remains in effect until the person's 18th birthday unless a Driving Eligibility Certificate, high school diploma or GED Certificate is obtained.*
- Wear appropriate clothing and shoes for BTW – no sandals, flip-flops, etc.
- **PRIVATE BTW Instruction:** will be self-funded and information is available here: [In & Out Transfers | Jordan Driving](#) I do not have recommendations.
