For example,

Jared,

We are so proud of you and the accomplishments you have made. You are well on your way to create the bright future that you have always dreamed of. Congratulations on your next big adventure!

Love,

Mom and Dad

*When you submit your ad please include a self-addressed stamped envelope that will hold your ad materials. We will put these materials in the envelope and mail them back to you at the end of the year when the yearbooks are distributed. Ads without envelopes may not be returned.

Directions for creating and submitting your ad:

- 1) Choose your pictures. We suggest the following number of pictures for the ad size chosen.

1/8 = 1 picture

1/4 = 2 pictures

1/2 = 3 to 5 pictures

Full = up to 12 pictures

- You can leave the design up to us, or you can submit a drawing of what you want us to do as far as placement of the pictures. Using a pencil, write *softly* on the back of the picture the student's name and any numbers that correspond to your sketch to give us direction on placement. **(DO NOT WRITE IN INK ON THE BACK OF ANY PHOTO. The ink will bleed onto other photos!)**
- We will enlarge or reduce your photos as necessary. We will also "crop" (focus on key parts of) the picture to its best advantage. If you need someone cropped out of a photo just write us a note and attach to the photograph. Please do not cut your photograph with scissors. These photos do not scan well and will not look the best on your senior ad page. We will not use photos cut with scissors.
- Do not send the original copy of any photo you value; we cannot guarantee its return. Instead, submit a *photo quality* copy of any picture you cannot replace. **(We do not recommend computer generated inkjet photo images on plain paper and cannot be held responsible for the quality of their reproduction if you submit a photo in this manner. DO NOT SEND IN THESE PHOTOS. Have your photos reproduced at a photography shop for best quality or scanned at a resolution of 300 to 400 and saved on a CD that you can submit).**
- You may submit a collage. However, keep in mind that they do not reproduce well, and we cannot be responsible for the image quality problems that arise. Collages can be submitted in two ways. You can either paste up your collage camera ready (we will scan and place on the page). The paste-up must be no larger than 8 1/2 inches by 11 inches. We cannot accept oversized paste-ups. The second way to submit a collage is to produce it in Photoshop and submit to us as a JPEG file at a resolution of 400.
- **We cannot accept any ad produced in PowerPoint, Publisher, Word, InDesign, or any other software. Your ad if submitted digitally must be a JPEG with a resolution of 300. If you are unsure of how to do this, then please just submit your pictures and text and let our trained staff create the ad for you.**
- We would love your pictures submitted digitally on a USB drive, if possible, or you may email images to pchyearbookads@gmail.com. That way you can keep your originals. If you scan your pictures, please adjust your scanner and scan them at a resolution of 300 to 400. We cannot accept low resolution scans because they will not allow us to enlarge them enough for print quality.
- **Do not email us your pictures unless they are taken with a camera or the iPhone 8 or better. The pictures are not high enough resolution for printing. Be sure and label each picture with your child's name, picture number, and the word "ad". Ex. Black-1-ad, Black-2-ad, etc. This is extremely important.**

2) Choose your text.

- Please write (print) your graduate's message legibly on the ad order form, or you may type or print it on a separate sheet and attach it to the form.
- We will choose a font (typeface) for your message when we compose your ad. We will also correct grammar, punctuation and spelling errors. Therefore, if a word needs to be spelled a certain way, make sure we know it.
- Consider the size of your ad when writing your message to your child. A large quantity of text in any ad will end up being set in very small type which may not be easy to read.
- Do not type your text on regular copy paper, cut it and place on your ad. It will not scan well, and you will not be happy with the results. The ink will show as bitmapped or pixelated

Please read and sign below:

*****Please remember that we are a student run publication. We take pride in our book and make every effort to ensure that your ad is perfect; however, we *cannot refund money* because of typos and other small errors. The yearbook staff reserves the right to change or rearrange any ad which is not appropriate for the yearbook without notifying you. This includes but is not limited to the exclusion of photos and text.**
