Green Hope High School

Dear Family Members,

In our continuing efforts to support the well-being of all our students, we will be administering a universal assessment of social, emotional & behavioral health. The assessment consists of a brief rating scale that is going to be completed by the homeroom or classroom teachers. This information helps us to understand the needs of all our students and to make effective plans at the whole school, class, and individual level. We are always working to support the needs of our school community, including school-wide programs such as positive behavioral interventions, supports and our social-emotional learning curriculum. It is important that your child feels that academic learning is their focus at school and that the adults they work with each day are doing all they can to create a safe and supportive environment.

If you would like more information about the universal assessment please contact our school representative Cassie O'Neil in student services at 919-380-3700 ext. 25410 or koneil@wcpss.net. There is also the option we present to all families for their child to not participate in the screener. If that is your choice, please return the attached opt-out form to the Green Hope Student Services Office.

Thank you,

Camille Holmes Hedrick, Ph.D.
