

# The NC Central Regional Science Fair is coming!

Due to COVID restrictions, we will not be able to hold the traditional Holly Ridge Science Fair this year. Instead, we will showcase student projects on our website and we will be happy to sponsor any student scientists (Grades 3-5) who wish to enter the Virtual NC Central Regional Fair!

**Any student who completes a science fair project and wishes to be featured on our school website should send pictures and a description of their work to their teacher ! Only Grades 3-5 are eligible to enter the regional fair!**

Interested in participating in the Virtual REGIONAL Fair (Grades 3-5)? Check out the [NC Science Fair website](#). The regional and state science fairs have strict requirements for submitted projects. Please read the website carefully to make sure your project meets these guidelines. And don't forget to check out the [FAQ!](#)

Please reach out to Mr. Warren ([bwarren@wcpss.net](mailto:bwarren@wcpss.net)) with any questions!
