

EXPLANATION AND TERMS OF AGREEMENT REGARDING BYOD AT DURANT ROAD MIDDLE SCHOOL

The purpose of this document is to inform parents, guardians and students of the rules governing the use of personally owned computing/network devices while on or near school property, in school vehicles and at school-sponsored activities, as well as the district's technology resources via remote access.

Durant Road Middle School recognizes that new technologies can complement and improve upon the instructional process. To encourage these benefits, Durant Road Middle School is allowing you to bring your own device (BYOD).

DRMS Vision

Durant Road Middle School believes BYOD should be used to support our school's vision of producing productive citizens in an evolving global community.

DRMS Overview

Durant Road Middle School defines "devices" as privately owned wireless and portable electronic devices that can be used for wireless Internet access, word processing, image/video capturing, sound recording, and information transmitting.

Students unable to bring their own devices to school will be provided access to technology resources available at Durant Road Middle School.

Security and Damages

Durant Road Middle School principals, teachers and/or staff are not liable for any device that is stolen or damaged. Responsibility to keep the device secure rests with the individual owner. We recommend using skins (decals) and protective cases for easy identification, differentiation, and protection of personal devices.

Participation in the BYOD program requires parents and students to review, sign, and return the BYOD contract found on the next page.
