MAGNET APPLICATION
PRIORITIES

Moore Square Magnet Middle Applicant Priorities

Guaranteed Priority
Rising 8th students receive guaranteed priority to join an older sibling assigned as a magnet student at the same school in 2021-22.
After assigning students who receive sibling priority, 90% of the available seats will be filled using the following priorities in order:

Priority 2
Current magnet students who follow their program pathway when changing school levels, i.e. elementary to middle. (A student who had magnet status in 5th grade at the elementary pathway school but has base status at pathway middle school will still qualify for Priority 2.)
Magnet students from Poe or Partnership Elementary, following their GT/AG magnet program pathway (2020-2021 Magnet Program Pathways).

Priority 3
Current magnet students who seek to change their program pathway when changing school levels.
Magnet students at any other magnet elementary, including those from other GT/AG and GT elementary schools.

*Please note: Magnet students at Hunter, Fuller, Powell, Underwood, Washington, Wiley, and Zebulon Elementary Schools have the highest priority to the TRADITIONAL CALENDAR GT MIDDLE SCHOOLS FOR THEIR ADDRESS. That means, these families have the highest priority, after siblings, to Carnegie, Ligon, Martin, or Zebulon Middle Schools. They DO NOT have the highest priority for Moore Square.

Priority 4
Base students at magnet schools who follow their program pathway.
Only base students at Poe and Partnership have priority 4 to Moore Square.

MAGNET PROGRAM
PATHWAYS

2020-2021 Magnet Programs Pathways

Gifted and Talented		
Elementary	Middle	High
The AIG Basics elementary school designated for your address	The AIG Basics middle school designated for your address	GT/AG HS OR University Connections: School of Design, Arts and Engineering HS
