

Welcome to 4th grade!

This year track 3, 4th grade looks a little different than what you are used to in 3rd grade. Mrs. Chaffee will be teaching all track 3 Math, Science, and Social Studies, and Ms. Montgomery will be teaching all track 3 ELA and writing. Your child will still be assigned a homeroom, but will spend equal time in each classroom. We are excited for the new school year and are looking forward to having you. You can expect to have conferences with both teachers at the same time. We will have the same form of communication and will be consistent with classroom management.

Meet the teachers

Hey! My name is Mary Theresa Montgomery and this will be my 5th year teaching 4th grade here at Olive Chapel. I will be teaching English Language Arts and writing this year. I went to Appalachian State University for my bachelors degree in elementary education with my focus in reading and got my masters degree in reading education. When I am not at school I enjoy spending time with my friends, working out, traveling, reading, spending time with my fiance and puppies :) This year I am getting married in the fall and will soon be Mrs. Berg! I love sharing books and learning about new book series from all of my students. I am looking forward to having a great year with you :)

I am Danielle Chaffee! This year marks my 19th year of teaching and I am very excited to teach 4th grade this year. I will be teaching math, science and social studies this year. I moved here from Colorado 7 years ago. When I am not teaching I enjoy the outdoors, hiking, rock climbing, boating and any outdoor activity. I am looking forward to a fun year learning about math, science, and social studies with all of you :)
