

# Root Elementary Carpool Traffic Pattern 2019-20

In order to maximize student and parent safety during carpool, we asking parents to follow the outlined traffic pattern below for morning and afternoon carpool this year.

Please do not try to turn left onto Brunswick St from Beaufort St into the carpool line. This is creating traffic issues on Brunswick St for families trying to exit the carpool line and poses a possible danger to other cars and people walking in the area. Instead enter the carpool line off Scotland St from either direction.
