

February 17, 2023

Dear Family Members,

In our continuing efforts to support the well-being of all our students, we will be administering a universal screener of social, emotional & behavioral health this Spring. Our district is using the Behavior Intervention Monitoring Assessment System-2 (BIMAS-2) research-based screening tool. We believe this will help all of our students thrive academically by identifying students who may benefit from additional social and emotional support and interventions, much like some students benefit from additional academic support and interventions.

This will not require you or your child to do anything. Your child's second period teacher will complete a questionnaire about your child's actions and emotions displayed in class during a one-week time span.

Examples of some of the questions include:

- During the past week, this student shared what they were thinking about.
- During the past week, this student had trouble paying attention.
- During the past week, this student followed directions.
- During the past week, this student acted sad or withdrawn.

For each question, the teacher will answer "never," "rarely," "sometimes," "often," or "very often."

This information helps us to understand the needs of all our students and how we can best serve and support them. This will also provide us with data to help determine school-wide programs, interventions, and training needs for staff.

If you would like more information about the universal screener, please visit our website at [www.wcpss.net/universalscreener](http://www.wcpss.net/universalscreener). You can also email or call our team lead, Leigh Goble, School Psychologist at [lgoble@wcpss.net](mailto:lgoble@wcpss.net) or 919.577.1335.

**If you do not want your child screened, please complete the attached Opt-Out Form and return it to your child's second period teacher by Wednesday, March 1, 2023.** If you want your child included in the universal screening, no further action is required.

Thank you!
