What Printers Are Installed On My Computer?

To identify what printers your computer can print to (this applies to laptops and desktops)...

If your computer is a Windows XP computer... Click "Start" - then click "Printers and Faxes."

You'll now be presented with a list of what printers are installed on this computer.

If your computer is a Windows 7 computer... Click "Start" - then click "Devices and Printers."

You'll now be presented with a list of what printers are installed on this computer.
