

NY GIANTS

Summary: My page is about the New York Giants football history.

The New York Giants were founded in 1925 by Tim Mara. Mara owned the team until his death in 1959.

The Giants were founded with an investment of \$500.

This is a picture of a football player on the New York Giants football team and the football player's name is Odell Beckham Jr. He is catching a football with one hand and is trying to make a touchdown for his team which is the New York Giants - which I already told you.

That is all I know about the New York Giants football team.
